Except where specified otherwise, capitalised words and expressions in this Prospectus have the meaning given to them in the section entitled "Glossary".

Under this €10,000,000,000 covered bond programme (the "**Programme**"), Unione di Banche Italiane S.c.p.a. ("**UBI Banca**" or the "**Issuer**") may from time to time issue bonds (the "**Covered Bonds**") denominated in any currency agreed between the Issuer and the relevant Dealer(s). The maximum aggregate nominal amount of all Covered Bonds from time to time outstanding under the Programme will not exceed €10,000,000,000 (or its equivalent in other currencies calculated as described herein).

UBI Finance S.r.l. (the "Guarantor") has guaranteed payments of interest and principal under the Covered Bonds pursuant to a guarantee (the "Covered Bond Guarantee") which is collateralised by a pool of assets (the "Cover Pool") made up of a portfolio of mortgages assigned to the Guarantor by the Sellers and certain other assets held by the Guarantor, including funds generated by the portfolio and such assets. Recourse against the Guarantor under the Covered Bond Guarantee is limited to the Cover Pool.

This Prospectus has been approved as a base prospectus issued in compliance with the Prospectus Directive 2003/71/EC (the "Prospectus Directive") by the Financial Services Authority (the "FSA"), which is the competent authority in the United Kingdom for the purposes of the Prospectus Directive. Application has been made for Covered Bonds to be admitted during the period of 12 months from the date of this Prospectus to listing on the official list and trading on the regulated market of the London Stock Exchange, which is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC (MiFID). The Programme also permits Covered Bonds to be issued on the basis that (i) they will be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer or (ii) they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system.

An investment in Covered Bonds issued under the Programme involves certain risks. See "Risk Factors" for a discussion of certain factors to be considered in connection with an investment in the Covered Bonds.

From their issue dates, the Covered Bonds will be held in dematerialised form on behalf of their ultimate owners by Monte Titoli S.p.A. ("Monte Titoli") for the account of the relevant Monte Titoli account holders. Monte Titoli will also act as depository for Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream"). The Covered Bonds will at all times be evidenced by book-entries in accordance with the provisions of Article 28 of Italian Legislative Decree No. 213 of 24 June 1998 and with the joint regulation of the Commissione Nazionale per le Società e la Borsa ("CONSOB") and the Bank of Italy dated 22 February 2008 and published in the Official Gazette No. 54 of 4 March 2008, as subsequently amended and supplemented. No physical document of title will be issued in respect of the Covered Bonds.

The Covered Bonds issued under the Programme are expected to be assigned the following credit ratings: Aaa by Moody's Investor Service Limited ("Moody's"); AAA by Fitch Ratings Ltd. ("Fitch"); and AAA by Standard and Poor's Rating Services, a division of McGraw-Hill Companies, Inc. ("S&P's" and, together with Moody's and Fitch, the "Rating Agencies" and, each of them, a "Rating Agency"). A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

SUPPLEMENTS, FINAL TERMS AND FURTHER PROSPECTUSES

The Issuer and the Guarantor have undertaken that, for the duration of the Programme, if at any time there is a significant new factor, material mistake or inaccuracy relating to the Programme which is capable of affecting the assessment of the Covered Bonds, it shall prepare a supplement to this Prospectus or, as the case may be, publish a replacement Prospectus for use in connection with any subsequent offering of the Covered Bonds and shall supply to each Dealer any number of copies of such supplement as a Dealer may reasonably request.

In addition, the Issuer and the Guarantor may agree with the Dealer to issue Covered Bonds in a form not contemplated in the section entitled "Form of Final Terms". To the extent that the information relating to that Tranche of Covered Bonds constitutes a significant new factor in relation to the information contained in this Prospectus, a separate prospectus specific to such Tranche (a "**Drawdown Prospectus**") will be made available and will contain such information.

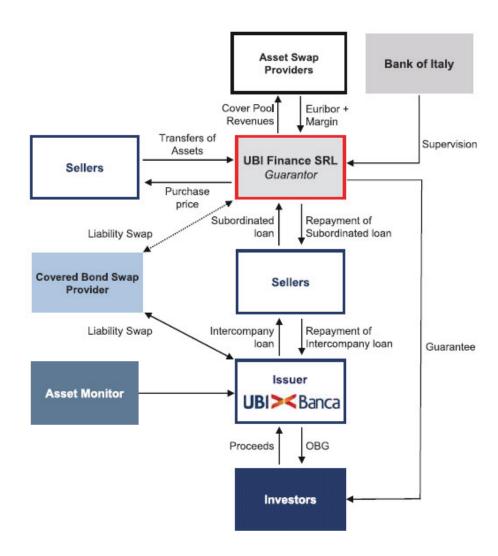

The terms and conditions applicable to any particular Tranche of Covered Bonds will be the conditions set out in the section entitled "Terms and Conditions of the Covered Bonds", as amended and/or replaced to the extent described in the relevant Final Term or Drawdown Prospectus. In the case of a Tranche of Covered Bonds which is the subject of a Drawdown Prospectus, each reference in this Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the Guarantor and the relevant Covered Bonds or (2) by a registration document containing the necessary information relating to the Issuer and/or the Guarantor, a securities note containing the necessary information relating to the relevant Covered Bonds and, if applicable, a summary note.

OVERVIEW OF THE PROGRAMME

This section constitutes a general description of the Programme for the purposes of Article 22(5) of Commission Regulation (EC) No. 809/2004. The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Prospectus and, in relation to the terms and conditions of any particular Tranche of Covered Bonds, the applicable Final Terms. Words and expressions defined elsewhere in this Prospectus shall have the same meaning in this overview.

Structure Diagram

Structure Overview

- Programme: Under the terms of the Programme, the Issuer will issue Covered Bonds to Covered Bondholders on each Issue Date. The Covered Bonds will be direct, unsubordinated, unsecured and unconditional obligations of the Issuer guaranteed by the Guarantor under the Covered Bond Guarantee.
- Subordinated Loan Agreements: Under the terms of the Subordinated Loan Agreements, each Seller will from time to time grant to the Guarantor a Term Loan for the purposes of funding the purchase from the relevant Seller of the Eligible Assets included in the initial Cover Pool and, subsequently, the purchase from the relevant Seller of Eligible Assets and Top-Up Assets in order to remedy a breach of the Tests or support a further issue of Covered Bonds. Amounts owed to the Sellers by the Guarantor under the Subordinated Loan Agreements will be subordinated to amounts owed by the Guarantor under the Covered Bond Guarantee. The Term Loans will be repaid on each Guarantor Payment Date prior to the delivery of an Issuer Default Notice according to the relevant Pre-Issuer Event of Default Principal Priority of Payments and within the limits of the then Guarantor Available Funds, provided that such repayment does not result in a breach of any of the Tests or, in relation to the relevant Seller, of the Relevant Seller Portfolio Test. Following the service of an Issuer Default Notice, the Term Loans shall be repaid within the limits of the Guarantor Available Funds, subject to repayment in full (or, prior to service of a Guarantor Default Notice, the accumulation of funds sufficient for the purposes of such repayment) of all Covered Bonds. The Guarantor will only be allowed to use the Term Loans granted to it under each Subordinated Loan Agreement for the purpose of purchasing Eligible Assets and/or Top-Up Assets from the relevant Sellers or the Issuer (pursuant to subordinated loans to be granted by the Issuer, upon occurrence of the circumstances set out in the Cover Pool Management Agreement) and will not be allowed under the Cover Pool Management Agreement to purchase Eligible Assets and/or Top-Up Assets from any other entities that are not part of the UBI Banca Group. Accordingly, an essential pre-condition for a breach of Tests to be remedied is that the Sellers that transferred the Portfolio of Eligible Assets with respect to which the shortfall causing the Tests being breached occurred (failing which, the Issuer and, failing the Issuer, the other Sellers) have or are capable of selling sufficient Eligible Assets and/or Top-Up Assets to the Guarantor as will allow the Tests to be met on the appropriate Calculation Date.
- Covered Bond Guarantee: Under the terms of the Covered Bond Guarantee, the Guarantor has provided a guarantee as to payments of interest and principal under the Covered Bonds, and other amounts due by the Issuer to the Other Issuer Creditors. The Guarantor has agreed to pay the Guaranteed Amounts unpaid by the Issuer on the scheduled date and in the amounts determined in accordance with the relevant Final Terms and applicable Priority of Payments. The obligations of the Guarantor under the Covered Bond Guarantee constitute direct, unconditional and unsubordinated obligations of the Guarantor, collateralised by the Cover Pool as provided under the Securitisation and Covered Bond Law. Pursuant to the Securitisation and Covered Bond Law, the recourse of the Covered Bondholders and the Other Issuer Creditors, as well as of the Other Creditors, to the Guarantor under the Covered Bond Guarantee will be limited to the assets of the Cover Pool and the amounts recovered from the Issuer. Payments made by the Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the Guarantee Priority of Payments or the Post-Enforcement Priority of Payments, as applicable.
- The proceeds of Term Loans: The Guarantor will use the proceeds of the Term Loans received under the Subordinated Loan Agreements from time to time to purchase from the Sellers the Initial Portfolio and each New Portfolio, consisting of Eligible Assets, in accordance with the terms of the Master Loan Purchase Agreement, and any other Eligible Assets and/or Top-Up Assets which are necessary to remedy a breach of the Tests. To protect the value of the Portfolio, the Calculation Agent will be obliged to verify satisfaction of the Statutory Tests (as described below) on each Calculation Date.
- Guarantor Available Funds: Prior to service of an Issuer Default Notice on the Issuer and the Guarantor under the Covered Bond Guarantee the Guarantor will:
 - apply Interest Available Funds to pay interest due on the Term Loans, but only after payment of certain items ranking higher in the Pre-Issuer Event of Default Interest

Priority of Payments (including, but not limited to, the Reserve Fund Amount to be credited to the Reserve Fund Account). For further details of the Pre-Issuer Event of Default Interest Priority of Payments, see "Cashflows" below; and

• apply Principal Available Funds towards (subject to compliance with the Tests and, in relation to the relevant Seller, of the Relevant Seller Portfolio Test) repaying Term Loans but only after payment of certain items ranking higher in the relevant Pre-Issuer Event of Default Principal Priority of Payments. For further details of the Pre-Issuer Event of Default Principal Priority of Payments, see "Cashflows" below.

Following service on the Issuer and the Guarantor of an Issuer Default Notice (but prior to a Guarantor Event of Default and service of a Guarantor Default Notice on the Guarantor) the Guarantor will use all monies to pay Guaranteed Amounts in respect of the Covered Bonds and payments to the Other Issuer Creditors and Other Creditors when due for payment subject to paying certain higher ranking obligations of the Guarantor in the Guarantee Priority of Payments. In such circumstances, the Sellers will only be entitled to receive payment from the Guarantor of interest and repayment of principal under the Term Loans after all amounts due under the Covered Bond Guarantee in respect of the Covered Bonds, the Other Issuer Creditor and the Other Creditors have been paid in full (or sufficient funds have been set aside for such purpose).

Following the occurrence of a Guarantor Event of Default and service of a Guarantor Default Notice on the Guarantor, the Covered Bonds will become immediately due and repayable and Covered Bondholders will then have a claim against the Guarantor under the Covered Bond Guarantee for an amount equal to the Early Termination Amount in respect of each Covered Bond, together with accrued interest and any other amounts due under the Covered Bonds, and Guarantor Available Funds will be distributed according to the Post-Enforcement Priority of Payments, as to which see "Cashflows" below.

- Statutory Tests: The Programme provides that the assets of the Guarantor are subject to the statutory tests provided for under Article 3 of Decree 310 (the "Statutory Tests"), which are intended to ensure that the Guarantor can meet its obligations under the Covered Bond Guarantee. Accordingly, for so long as Covered Bonds remain outstanding, the Sellers and the Issuer must always ensure that the following tests are satisfied on each Calculation Date:
 - (1) the Nominal Value Test;
 - (2) the Net Present Value Test; and
 - (3) the Interest Coverage Test.
- Amortisation Test: The Amortisation Test is intended to ensure that if, following an Issuer Event of Default and service of an Issuer Default Notice on the Issuer and the Guarantor (but prior to service on the Guarantor of a Guarantor Default Notice), the assets of the Guarantor available to meet its obligations under the Covered Bond Guarantee fall to a level where Covered Bondholders may not be repaid, a Guarantor Event of Default will occur and all obligations owing under the Covered Bond Guarantee may be accelerated. Under the Cover Pool Management Agreement, the Guarantor must ensure that, on each Calculation Date following service of an Issuer Default Notice on the Issuer and the Guarantor but prior to a Guarantor Event of Default and service of a Guarantor Default Notice, the Amortisation Test Aggregate Loan Amount will be in an amount at least equal to the aggregate principal amount of the Covered Bonds as calculated on the relevant Calculation Date.
- Extendable obligations under the Covered Bond Guarantee: An Extended Maturity Date may be specified as applying in relation to a Series of Covered Bonds in the applicable Final Terms. This means that if the Issuer fails to pay the Final Redemption Amount of the relevant Series of Covered Bonds on the relevant Maturity Date (subject to applicable grace periods) and if the Guaranteed Amounts equal to the Final Redemption Amount of the relevant Series of Covered Bonds are not paid in full by the Guarantor on or before the Extension Determination Date (for example because following the service of an Issuer Default Notice on the Issuer and the Guarantor, the Guarantor has or will have insufficient moneys available in accordance with the Guarantee Priority of Payments to pay in full the Guaranteed Amounts corresponding to the Final

Redemption Amount of the relevant Series of Covered Bonds), then payment of the unpaid amount pursuant to the Covered Bond Guarantee shall be automatically deferred and shall become due and payable one year later on the Extended Maturity Date (subject to any applicable grace period). However, any amount representing the Final Redemption Amount due and remaining unpaid on the Extension Determination Date may be paid by the Guarantor on any Interest Payment Date thereafter, up to (and including) the relevant Extended Maturity Date. Interest will continue to accrue on any unpaid amount during such extended period and be payable on the original Maturity Date and on each Interest Payment Date up to (and including) the Extended Maturity Date.

- Servicing: Pursuant to the Master Servicing Agreement entered into between Unione di Banche Italiane S.c.p.A. as Master Servicer, each Seller in its capacity as Sub-Servicer and Service Provider, and the Guarantor: (i) the Guarantor has appointed the Master Servicer to carry out the administration, management and collection activities and to act as "soggetto incaricato della riscossione dei crediti ceduti e dei servizi di cassa e pagamento" pursuant to article 2, sub-paragraph 3, of the Securitisation and Covered Bond Law in relation to the Cover Pool; (ii) the Master Servicer has delegated to each Seller, in its capacity as Sub-Servicer, responsibility for carrying out on behalf of the Guarantor the management, administration, collection and recovery activities with respect to the Receivables transferred by the relevant Seller to the Guarantor; and (iii) the Guarantor has appointed each Seller to act as Service Provider in order to carry out certain monitoring and reporting activities with respect to the Receivables transferred by the relevant Seller to the Guarantor.
- Asset Monitoring: Pursuant to an engagement letter entered into on 30 July 2008, the Issuer has appointed the Asset Monitor in order to perform, subject to receipt of the relevant information from the Issuer, specific monitoring activities concerning, inter alia, (i) the fulfilment of the eligibility criteria set out under Decree No. 310 with respect to the Eligible Assets and Top-Up Assets included in the Cover Pool; (ii) the compliance with the limits on the transfer of the Eligible Assets set out under Decree No. 310; and (iii) the effectiveness and adequacy of the risk protection provided by any Swap Agreement entered into in the context of the Programme. Furthermore, under the terms of the Asset Monitoring Agreement entered into between the Issuer, the Calculation Agent, the Asset Monitor, the Guarantor and the Representative of the Covered Bondholders, the Asset Monitor has agreed with the Issuer and, upon delivery of an Issuer Default Notice, with the Guarantor, to verify, subject to due receipt of the information to be provided by the Calculation Agent to the Asset Monitor, the arithmetic accuracy of the calculations performed by the Calculation Agent under the Statutory Tests and the Amortisation Test carried out pursuant to the Cover Pool Management Agreement, with a view to confirming whether such calculations are accurate.
- Further Information: For a more detailed description of the transactions summarised above relating to the Covered Bonds, see, amongst other relevant sections of this Prospectus, Summary of the Programme, Terms and Conditions of the Covered Bonds, Summary of the Transaction Documents, Credit Structure, Cashflows and The Portfolio, below.

THE PROGRAMME

Programme description A covered bond issuance programme under which Covered Bonds

(Obbligazioni Bancarie Garantite) will be issued by the Issuer to the

Covered Bondholders.

Programme size The aggregate nominal amount of the Covered Bonds at any time

outstanding will not exceed €10,000,000,000 (or its equivalent in other currencies to be calculated as described in the Programme Agreement). The Issuer may however increase the aggregate nominal amount of the Programme in accordance with the Programme Agreement and subject to having obtained confirmation from the Rating Agencies that such increase would not negatively affect the then current ratings of the then outstanding

Covered Bonds.

THE COVERED BONDS

Form of Covered Bonds The Covered Bonds will be issued in dematerialised form and held on

behalf of their ultimate owners by Monte Titoli for the account of Monte Titoli account holders. Monte Titoli will act as depository for Euroclear and Clearstream. The Covered Bonds will at all times be in book entry form and title to the Covered Bonds will be evidenced by book entries. No physical

document of title will be issued in respect of the covered bonds.

Denomination of Covered

Bonds

The Covered Bonds will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements and save that the minimum denomination of each Covered Bond admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the Economic Area in circumstances which

require the publication of a prospectus under the Prospectus Directive will be $\[\epsilon \]$ 50,000 (or where the relevant Tranche is denominated in a currency other than euro, the equivalent amount in such other currency).

Status of the Covered Th

Bonds

The Covered Bonds will constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer and will rank *pari passu* without preference among themselves and (save for any applicable statutory

provisions) at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer from time to time outstanding. In the event of a winding-up, liquidation, dissolution or bankruptcy of the Issuer, any funds realised and payable to the Covered Bondholders will be collected by the Guarantor in accordance with the Securitisation and Covered Bond Law.

Specified Currency

Subject to any applicable legal or regulatory restrictions, such currency or currencies as may be agreed from time to time by the Issuer, the relevant Dealer(s), the Principal Paying Agent and the Representative of the Covered Bondholders (as set out in the applicable Final Terms) and provided that confirmation has been obtained from the Rating Agencies that such currency or currencies would not negatively affect the then current ratings of the then outstanding Covered Bonds.

Maturities

The Covered Bonds will have such Maturity Date as may be agreed between the Issuer and the relevant Dealer(s) and indicated in the applicable Final Terms, subject to such minimum or maximum maturities as may be allowed or required from time to time by any relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.

Redemption

The applicable Final Terms relating to each Series of Covered Bonds will indicate either that the Covered Bonds of such Series of Covered Bonds cannot be redeemed prior to their stated maturity (other than in specified instalments if applicable, or for taxation reasons or if it becomes unlawful for any Covered Bond to remain outstanding or following an Issuer Event of Default or Guarantor Event of Default) or that such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the Covered Bondholders on a date or dates specified prior to the specified Maturity Date and at a price and on other terms as may be agreed between the Issuer and the Dealer(s) as set out in the applicable Final Terms.

The applicable Final Terms may provide that the Covered Bonds may be redeemable in two or more instalments of such amounts and on such dates as indicated in the Final Terms.

Extended Maturity Date

The applicable Final Terms relating to each Series of Covered Bonds issued may indicate that the Guarantor's obligations under the Covered Bond Guarantee to pay Guaranteed Amounts equal to the Final Redemption Amount of the applicable Series of Covered Bonds on their Maturity Date may be deferred until the Extended Maturity Date. The deferral will occur automatically if the Issuer fails to pay the Final Redemption Amount on the Maturity Date for such Series of Covered Bonds and if the Guarantor does not pay the final redemption amount in respect of the relevant Series of Covered Bonds (for example, because the Guarantor has insufficient funds) by the Extension Determination Date. Interest will continue to accrue and be payable on the unpaid amount up to the Extended Maturity Date. If the duration of the Covered Bond is extended, the Extended Maturity Date shall be the date falling one calendar year after the relevant Maturity Date.

For further details, see Condition 9(b) (Extension of maturity).

Issue Price

Covered Bonds may be issued at par or at a premium or discount to par on a fully-paid or partly-paid basis.

Interest

Covered Bonds may be interest-bearing or non-interest bearing. Interest (if any) may accrue at a fixed rate or a floating rate or other variable rate or be index-linked, credit-linked or equity-linked and the method of calculating interest may vary between the issue date and the maturity date of the relevant Series. Covered Bonds may also have a maximum rate of interest,

a minimum rate of interest or both (as indicated in the applicable Final Terms). Interest on Covered Bonds in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer(s), will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, in each case as may be agreed between the Issuer and the relevant Dealer(s).

Fixed Rate Covered Bonds

Fixed Rate Covered Bonds will bear interest at a fixed rate, which will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer(s) and on redemption and will be calculated on the basis of such day count fraction as may be agreed between the Issuer and the relevant Dealer(s) (as set out in the applicable Final Terms).

Floating Rate Covered Bonds

Floating Rate Covered Bonds will bear interest at a rate determined:

- (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the ISDA Definitions; or
- (b) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (c) on such other basis as may be agreed between the Issuer and the relevant Dealer(s),

in each case, as set out in the applicable Final Terms.

The Margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer(s) for each issue of Floating Rate Covered Bonds, as set out in the applicable Final Terms.

Index-Linked and Other Variable-Linked Interest Covered Bonds

Payments of interest in respect of Index-Linked and Other Variable-Linked Interest Covered Bonds (including Covered Bonds bearing credit- or equity-linked interest) will be calculated by reference to such index and/or formula or to changes in the prices of securities or commodities or to such other factors as the Issuer and the relevant Dealer(s) may agree, as set out in the applicable Final Terms.

Dual Currency Interest Covered Bonds

Payments of interest, whether at maturity or otherwise, in respect of Dual Currency Interest Covered Bonds will be made in such currencies, and based on such rates of exchange, as the Issuer and the relevant Dealer(s) may agree as set out in the applicable Final Terms.

Zero Coupon Covered Bonds

Zero Coupon Covered Bonds, bearing no interest, may be offered and sold at a discount to their nominal amount, as specified in the applicable Final Terms.

Partly-Paid Covered Bonds

Covered Bonds may be issued on a partly-paid basis in which case interest will accrue on the paid-up amount of such Covered Bonds or on such other basis as may be agreed between the Issuer and the relevant Dealer(s) and set out in the applicable Final Terms.

Taxation

All payments in relation to Covered Bonds will be made without tax deduction except where required by law. If any tax deduction is made, the Issuer shall be required to pay additional amounts in respect of the amounts so deducted or withheld, subject to a number of exceptions including deductions on account of Italian substitute tax pursuant to Decree 239.

Under the Covered Bond Guarantee, the Guarantor will not be liable to pay any such additional amounts.

For further detail, see Condition 11 (*Taxation*).

Issuer cross default

Each Series of Covered Bonds will cross-accelerate as against each other but will not otherwise contain a cross default provision. Accordingly, neither an event of default in respect of any other indebtedness of the Issuer (including other debt securities of the Issuer) nor acceleration of such indebtedness will of itself give rise to an Issuer Event of Default. In addition, an Issuer Event of Default will not automatically give rise to a Guarantor Event of Default, *provided however that*, where a Guarantor Event of Default occurs and the Representative of the Covered Bondholders serves a Guarantor Default Notice upon the Guarantor, such Guarantor Default Notice will accelerate each Series of outstanding Covered Bonds issued under the Programme.

For further detail, see Condition 12 (a) (Issuer Events of Default).

Rating Agency confirmation

The issue of any Series of Covered Bond (including, for the avoidance of doubt, Index-Linked Interest Covered Bonds, Credit-Linked Interest Covered Bonds, Equity-Linked Interest Covered Bonds, Dual Currency Interest Covered Bonds, Partly-Paid Covered Bonds and Zero Coupon Covered Bonds) in each case as specified in the applicable Final Terms shall be subject to confirmation by the Rating Agencies that the then current ratings for any outstanding Covered Bonds will not be adversely affected by the issuance of such Covered Bonds.

Listing and admission to trading

Application has been made for Covered Bonds issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the official list and to trading on the Regulated Market of the London Stock Exchange.

Rating

Each Series of Covered Bonds is expected to be assigned the following ratings on the relevant Issue Date unless otherwise stated in the applicable Final Terms:

Fitch	Moody's	S&P	
AAA	Aaa	AAA	

Governing Law

The Covered Bonds and the related Programme documents will be governed by Italian law, except for the Swap Agreements and certain of the security related thereto, which will be governed by English law and the Luxembourg Deed of Pledge, which will be governed by Luxembourg law.

THE GUARANTOR AND THE COVERED BOND GUARANTEE

Covered Bond Guarantee

Payments of Guaranteed Amounts in respect of the Covered Bonds when due for payment will be unconditionally and irrevocably guaranteed by the Guarantor. The obligations of the Guarantor to make payments in respect of such Guaranteed Amounts when due for payment are subject to the conditions that an Issuer Event of Default has occurred, and an Issuer Default Notice has been served on the Issuer and on the Guarantor or, if earlier, a Guarantor Event of Default has occurred and a Guarantor Default Notice has been served on the Guarantor.

The obligations of the Guarantor will accelerate once the Guarantor Default Notice mentioned above has been delivered to the Guarantor. The obligations of the Guarantor under the Covered Bond Guarantee constitute direct, unconditional and unsubordinated obligations of the Guarantor collateralised by the Cover Pool and recourse against the Guarantor is limited to such assets.

For further detail, see "Summary of the Transaction Documents - Covered Bond Guarantee".

Suspension of Payments

If a resolution pursuant to Article 74 of the Consolidated Banking Act is passed in respect of the Issuer (the "Article 74 Event"), the Guarantor, in accordance with Decree 310, shall be responsible for the payments of the Guaranteed Amounts due and payable within the entire period in which the suspension continues (the "Suspension Period").

Following an Article 74 Event:

- (i) the Representative of the Covered Bondholders will serve an Issuer Default Notice on the Issuer and the Guarantor, specifying that an Article 74 Event has occurred and that such event may be temporary; and
- (ii) in accordance with Decree 310, the Guarantor shall be responsible for payment of the amounts due and payable under the Covered Bonds during the Suspension Period at their relevant due dates, provided that it shall be entitled to claim any such amounts from the

The Suspension Period shall end upon delivery by the Representative of the Covered Bondholders of a notice to the Issuer, the Guarantor and the Asset Monitor (the "Article 74 Event Cure Notice"), informing such parties that the Article 74 Event has been cured.

Upon the termination of the Suspension Period the Issuer shall again be responsible for meeting the payment obligations under the Covered Bonds.

Cover Pool

The Covered Bond Guarantee will be collateralised by the Cover Pool constituted by (i) the Portfolio comprised of Mortgage Loans and related collateral assigned to the Guarantor by the Sellers in accordance with the terms of the relevant Master Loans Purchase Agreements and (ii) any other Eligible Assets and Top-Up Assets held by the Guarantor with respect to the Covered Bonds and the proceeds thereof which will, *inter alia*, comprise the funds generated by the Portfolio, the other Eligible Assets and the Top-Up Assets including, without limitation, funds generated by the sale of assets from the Cover Pool and funds paid in the context of a liquidation of the Issuer.

For further detail, see "Description of the Cover Pool".

Limited recourse

The obligations owed by the Guarantor to the Covered Bondholders and, in general, to each of the Sellers, the Other Issuer Creditors and the Other Creditors are limited recourse obligations of the Guarantor, which will be paid in accordance with the applicable Priority of Payments. The Covered Bondholders, the Sellers, the Other Issuer Creditors and the Other Creditors will have a claim against the Guarantor only to the extent of the Guarantor Available Funds, including any amounts realised with respect to the Cover Pool, in each case subject to and as provided in the Covered Bond Guarantee and the other Transaction Documents.

Term Loans

The Sellers participating in the initial issue of Covered Bonds under the Programme are Banca Regionale Europea S.p.A. and Banco di Brescia S.p.A., which have granted to the Guarantor a Term Loan for the purpose of funding the purchase from the relevant Seller of the Eligible Assets included in the initial Cover Pool. Subsequently, each Seller will grant further Term Loans to the Guarantor for the purposes of funding the purchase from the relevant Seller of Eligible Assets and Top-Up Assets in order to remedy a breach of the Tests or to support the issue of Covered Bonds. The

Guarantor will pay interest in respect of each Term Loan but will have no liability to gross up for withholding. Payments from the Guarantor to the Sellers under the Term Loans will be limited recourse and subordinated and paid in accordance with the Priorities of Payments to the extent the Guarantor has sufficient Guarantor Available Funds.

For further detail, see "Summary of the Transaction Documents – Subordinated Loan Agreement".

Excess Receivables and support for further issues

To support the issue of further Series of Covered Bonds, (i) Excess Receivables may be retained in the Portfolio or (ii) Eligible Assets may be acquired from one or more Sellers with the proceeds of new or amended Subordinated Loan Agreements made available by such Sellers in order to ensure that the Cover Pool both before and after the issue of the new Series of Covered Bonds complies with the Tests.

Segregation of Guarantor's rights and collateral

The Covered Bonds benefit from the provisions of Article 7-bis of the Securitisation and Covered Bond Law, pursuant to which the Cover Pool is segregated by operation of law from the Guarantor's other assets.

In accordance with Article 7-bis of the Securitisation and Covered Bond Law, prior to and following a winding up of the Guarantor and an Issuer Event of Default or Guarantor Event of Default causing the Covered Bond Guarantee to be called, proceeds of the Cover Pool paid to the Guarantor will be exclusively available for the purpose of satisfying the obligations owed to the Covered Bondholders, to the Swap Providers under the Swap Agreements entered into in the context of the Programme, the Other Issuer Creditors and to the Other Creditors in satisfaction of the transaction costs.

The Cover Pool may not be seized or attached in any form by creditors of the Guarantor other than the entities referred to above, until full discharge by the Guarantor of its payment obligations under the Covered Bond Guarantee or cancellation thereof.

Cross-collateralisation

All Eligible Assets and Top-Up Assets transferred from the Sellers to the Guarantor from time to time or otherwise acquired by the Guarantor and the proceeds thereof form the collateral supporting the Covered Bond Guarantee in respect of all Series of Covered Bonds.

Claim under Covered Bonds

The Representative of the Covered Bondholders, for and on behalf of the Covered Bondholders, may submit a claim to the Guarantor and make a demand under the Covered Bond Guarantee in case of an Issuer Event of Default or Guarantor Event of Default.

Guarantor cross default

Where a Guarantor Event of Default occurs, the Representative of the Covered Bondholders will serve upon the Guarantor a Guarantor Default Notice, thereby accelerating the Covered Bond Guarantee in respect of each Series of outstanding Covered Bonds issued under the Programme. However, an Issuer Event of Default will not automatically give rise to a Guarantor Event of Default.

For further detail, see Condition 12 (c) (Guarantor Events of Default).

Disposal of assets included in the Cover Pool

After the service of an Issuer Default Notice on the Issuer and the Guarantor, the Guarantor will be obliged to sell Eligible Assets in the Cover Pool in accordance with the Cover Pool Management Agreement, subject to pre-emption and other rights of the Sellers in respect of the Eligible Assets pursuant to the relevant Master Loans Purchase Agreement. The proceeds from any such sale will be applied as set out in the applicable Priority of Payments.

For further detail, see Condition 12(c) (Guarantor Events of Default).

SALE AND DISTRIBUTION

Distribution

Covered Bonds may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis, subject to the restrictions to be set forth in the Programme Agreement.

Certain restrictions

Each Series of Covered Bonds issued will be denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply and will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time. There are restrictions on the offer, sale and transfer of Covered Bonds in the United States, the European Economic Area (including the United Kingdom and the Republic of Italy) and Japan. Other restrictions may apply in connection with the offering and sale of a particular Series of Covered Bonds.

RISK FACTORS

This section describes the principal risk factors associated with an investment in the Covered Bonds. Prospective purchasers of Covered Bonds should consider carefully all the information contained in this document, including the considerations set out below, before making any investment decision. This section of the Prospectus is split into two main sections – General Investment Considerations and Investment Considerations relating to the Issuer and the Guarantor.

General Investment Considerations

Issuer liable to make payments when due on the Covered Bonds

The Issuer is liable to make payments when due on the Covered Bonds. The obligations of the Issuer under the Covered Bonds are direct, unsecured, unconditional and unsubordinated obligations, ranking *pari passu* without any preference amongst themselves and equally with its other direct, unsecured, unconditional and unsubordinated obligations.

The Guarantor has no obligation to pay the Guaranteed Amounts payable under the Covered Bond Guarantee until the occurrence of an Issuer Event of Default and service by the Representative of the Covered Bondholders on the Issuer and on the Guarantor of an Issuer Default Notice or, if earlier, following the occurrence of a Guarantor Event of Default and service by the Representative of the Covered Bondholders of a Guarantor Default Notice. The occurrence of an Issuer Event of Default does not constitute a Guarantor Event of Default. However, failure by the Guarantor to pay amounts due under the Covered Bond Guarantee would constitute a Guarantor Event of Default which would entitle the Representative of the Covered Bondholders to accelerate the obligations of the Issuer under the Covered Bonds (if they have not already become due and payable) and the obligations of the Guarantor under the Covered Bond Guarantee.

Obligations under the Covered Bonds

The Covered Bonds will not represent an obligation or be the responsibility of any of the Arranger, the Dealers, the Representative of the Covered Bondholders or any other party to the Programme, their officers, members, directors, employees, security holders or incorporators, other than the Issuer and the Guarantor. The Issuer and the Guarantor will be liable solely in their corporate capacity for their obligations in respect of the Covered Bonds and such obligations will not be the obligations of their respective officers, members, directors, employees, security holders or incorporators.

Extraordinary Resolutions and the Representative of the Covered Bondholders

A meeting of Covered Bondholders may be called to consider matters which affect the rights and interests of Covered Bondholders. These include (but are not limited to): instructing the Representative of the Covered Bondholders to enforce the Covered Bond Guarantee against the Issuer and/or the Guarantor; waiving an Issuer Event of Default or a Guarantor Event of Default; cancelling, reducing or otherwise varying interest payments or repayment of principal or rescheduling payment dates; altering the priority of payments of interest and principal on the Covered Bonds; and any other amendments to the Transactions Documents. A Programme Resolution will bind all Covered Bondholders, irrespective of whether they attended the Meeting or voted in favour of the Programme Resolution. No Resolution, other than a Programme Resolution, passed by the holders of one Series of Covered Bonds will be effective in respect of another Series unless it is sanctioned by an Ordinary Resolution or an Extraordinary Resolution, as the case may require, of the holders of that other Series. Any Resolution passed at a Meeting of the holders of the Covered Bonds of a Series shall bind all other holders of that Series, irrespective of whether they attended the Meeting and whether they voted in favour of the relevant Resolution.

In addition, the Representative of the Covered Bondholders may agree to the modification of the Transaction Documents without consulting Covered Bondholders to correct a manifest error or where such modification (i) is of a formal, minor, administrative or technical nature or an error established as such to the satisfaction of the Representative of the Covered Bondholders or (ii) in the opinion of the Representative of the Covered Bondholders, is not or will not be materially prejudicial to Covered Bondholders. It should also be noted that after the delivery of an Issuer Default Notice, the protection and exercise of the Covered Bondholders' rights against the Issuer will be exercised by the Guarantor (or the

Representative of the Covered Bondholders on its behalf). The rights and powers of the Covered Bondholders may only be exercised in accordance with the Rules of the Organisation of the Covered Bondholders. In addition, after the delivery of a Guarantor Default Notice, the protection and exercise of the Covered Bondholders' rights against the Guarantor and the security under the Guarantee is one of the duties of the Representative of the Covered Bondholders. The Conditions limit the ability of each individual Covered Bondholder to commence proceedings against the Guarantor by conferring on the Meeting of the Covered Bondholders the power to determine in accordance with the Rules of Organisation of the Covered Bondholders, whether any Covered Bondholder may commence any such individual actions.

Extendable obligations under the Covered Bond Guarantee

Upon failure by the Issuer to pay the Final Redemption Amount of a Series of Covered Bonds on their relevant Maturity Date (subject to applicable grace periods) and if payment of the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Series of the Covered Bonds is not made in full by the Guarantor on or before the Extension Determination Date, then payment of such Guaranteed Amounts shall be automatically deferred. This will occur if the Final Terms for a relevant Series of Covered Bonds provides that such Covered Bonds are subject to an extended maturity date (the "Extended Maturity Date") to which the payment of all or (as applicable) part of the Final Redemption Amount payable on the Maturity Date will be deferred in the event that the Final Redemption Amount is not paid in full on or before the Extension Determination Date.

To the extent that the Guarantor has received an Issuer Default Notice in sufficient time and has sufficient moneys available to pay in part the Guaranteed Amounts corresponding to the relevant Final Redemption Amount in respect of the relevant Series of Covered Bonds, the Guarantor shall make partial payment of the relevant Final Redemption Amount in accordance with the Guarantee Priority of Payments and as described in Conditions 8(b) (Extension of maturity) and 12(b) (Effect of an Issuer Default Notice). Payment of all unpaid amounts shall be deferred automatically until the applicable Extended Maturity Date provided that any amount representing the Final Redemption Amount due and remaining unpaid on the Extension Determination Date may be paid by the Guarantor on any Interest Payment Date thereafter, up to (and including) the relevant Extended Maturity Date. The Guarantor is not required to notify the Covered Bondholders of such automatic deferral. The Extended Maturity Date will fall one year after the Maturity Date. Interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 8(b) (Extension of maturity) and the Guarantor will pay Guaranteed Amounts, constituting interest due on each Interest Payment Date and on the Extended Maturity Date. In these circumstances. except where the Guarantor has failed to apply money in accordance with the Guarantee Priority of Payments, failure by the Guarantor to make payment in respect of the Final Redemption Amount on the Maturity Date (subject to any applicable grace period) (or such later date within the applicable grace period) shall not constitute a Guarantor Event of Default. However, failure by the Guarantor to pay the Guaranteed Amounts corresponding to the Final Redemption Amount or the balance thereof on or prior to the Extended Maturity Date and/or Guaranteed Amounts constituting interest on any Interest Payment Date will (subject to any applicable grace periods) be a Guarantor Event of Default.

Limited secondary market

There is, at present, a secondary market for the Covered Bonds but it is neither active nor liquid, and there can be no assurance that an active or liquid secondary market for the Covered Bonds will develop. The Covered Bonds have not been, and will not be, offered to any persons or entities in the United States of America or registered under any securities laws and are subject to certain restrictions on the resale and other transfers thereof as set forth under "Subscription and Sale". If an active or liquid secondary market develops, it may not continue for the life of the Covered Bonds or it may not provide Covered Bondholders with liquidity of investment with the result that a Covered Bondholder may not be able to find a buyer to buy its Covered Bonds readily or at prices that will enable the Covered Bondholder to realise a desired yield.

Ratings of the Covered Bonds

The ratings assigned to the Covered Bonds address the expectation of timely payment of interest and principal on the Covered Bonds on or before any payment date falling one year after the Maturity Date.

According to Fitch and S& P, the ratings assigned to the Covered Bonds may address:

- the likelihood of full and timely payment to Covered Bondholders of all payments of interest on each Interest Payment Date; and
- the likelihood of ultimate payment of principal in relation to Covered Bonds on (a) the final Maturity Date thereof or (b) if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bonds in accordance with the applicable Final Terms Document, the Extended Due for Payment Date thereof.

For Moody's, the ratings assigned to the Covered Bonds address the expected loss that Covered Bondholders may suffer.

The expected ratings of the Covered Bonds are set out in the relevant Final Terms Document for each Series of Covered Bonds. Any Rating Agency may lower its rating or withdraw its rating if, in the sole judgment of the Rating Agency, the credit quality of the Covered Bonds has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn, the market value of the Covered Bonds may reduce. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, member states of the European Union ("Member States") are required, from 1 July 2005, to provide to tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent on the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland) with effect from the same date. However, the Issuer will be required to procure that the Principal Paying Agent operates in a Member State such that it will not be obliged to withhold or deduct tax pursuant to the Directive.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) it can legally invest in Covered Bonds (ii) Covered Bonds can be used as collateral for various types of borrowing and "repurchase" arrangements and (iii) other restrictions apply to its purchase or pledge of any Covered Bonds. Financial institutions should consult their legal advisers or appropriate regulators to determine the appropriate treatment of Covered Bonds under any applicable risk-based capital or similar rules.

Changes of law

The structure of the issue of the Covered Bonds and the ratings which are to be assigned to them are based on Italian law (and, in the case of the Swap Agreements, English law and, in the case of the Luxembourg Deed of Pledge, Luxembourg Law) in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to Italian or English or Luxembourg law or administrative practice or to the law applicable to any Transaction Document and to administrative practices in the relevant jurisdiction. Except to the extent that any such changes represent a significant new factor or result in this Prospectus containing a material mistake or inaccuracy, in each case which is capable of affecting the assessment of the Covered Bonds, the Issuer and the Guarantor will be under no obligation to update this Prospectus to reflect such changes.

Securitisation and Covered Bond Law

The Securitisation and Covered Bond Law was enacted in Italy in April 1999 and amended to allow for the issuance of covered bonds in 2005. As at the date of this Prospectus, no interpretation of the application of the Securitisation and Covered Bond Law as it relates to covered bonds has been issued by any Italian court or governmental or regulatory authority, except for (i) the Decree of the Italian Ministry for the Economy and Finance No. 130 of 14 December 2006 ("Decree 310"), setting out the technical

requirements for the guarantee which may be given in respect of covered bonds and (ii) the instructions of the Bank of Italy dated 17 May 2007 (the "Bank of Italy Regulations") concerning guidelines on the valuation of assets, the procedure for purchasing top-up assets and controls required to ensure compliance with the legislation. Consequently, it is possible that such or different authorities may issue further regulations relating to the Securitisation and Covered Bond Law or the interpretation thereof, the impact of which cannot be predicted by the Issuer as at the date of this Prospectus.

The Covered Bonds may not be a suitable investment for all investors

Each potential investor in the Covered Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds, the merits and risks of investing in the Covered Bonds and the information contained in or incorporated by reference into this Prospectus or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its
 particular financial situation, an investment in the Covered Bonds and the impact the Covered
 Bonds will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including Covered Bonds with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Covered Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Covered Bonds which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effects on the value of the Covered Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

The return on an investment in Covered Bonds will be affected by charges incurred by investors

An investor's total return on an investment in any Covered Bonds will be affected by the level of fees charged by the nominee service provider and/or clearing system used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Covered Bonds, custody services and on payments of interest, principal and other amounts. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Covered Bonds.

Risks related to the structure of a particular issue of Covered Bonds

A wide range of Covered Bonds may be issued under the Programme. A number of these Covered Bonds may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Covered Bonds subject to optional redemption by the Issuer

An optional redemption feature of Covered Bonds is likely to limit their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Covered Bonds when its cost of borrowing is lower than the interest rate on the Covered Bonds. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time.

Index-Linked Covered Bonds and Dual Currency Covered Bonds

The Issuer may issue Covered Bonds with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "Relevant Factor"). In addition, the Issuer may issue Covered Bonds with principal or interest payable in one or more currencies which may be different from the currency in which the Covered Bonds are denominated. Potential investors should be aware that:

- (a) the market price of such Covered Bonds may be volatile;
- (b) they may receive no interest;
- payment of principal or interest may occur at a different time or in a different currency from that expected;
- (d) they may lose all or a substantial portion of their principal;
- (e) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (f) if a Relevant Factor is applied to Covered Bonds in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (g) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Partly-paid Covered Bonds

The Issuer may issue Covered Bonds where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Covered Bonds with a multiplier or other leverage factor

Covered Bonds with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Fixed/Floating Rate Covered Bonds

Fixed/Floating Rate Covered Bonds may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Covered Bonds since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Covered Bonds may be less favourable than then prevailing spreads on comparable Floating Rate Covered Bonds tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Covered Bonds. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Covered Bonds.

Covered Bonds issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Prospectus to be read together with applicable Final Terms

The terms and conditions of the Covered Bonds included in this Prospectus apply to the different types of Covered Bonds which may be issued under the Programme. The full terms and conditions applicable to each Series or Tranche of Covered Bonds can be reviewed by reading the Conditions of the Covered Bonds as set out in full in this Prospectus, which constitute the basis of all Covered Bonds to be offered under the Programme, together with the applicable Final Terms which apply and/or disapply, supplement and/or amend the Conditions of the Covered Bonds in the manner required to reflect the particular terms and conditions applicable to the relevant Series of Covered Bonds (or Tranche).

Investment Considerations relating to the Issuer

Changes in regulatory framework and accounting policies

The UBI Banca Group is subject to extensive regulation and supervision by the Bank of Italy, CONSOB (the Italian securities markets regulator), the European Central Bank and the European System of Central Banks. The banking laws to which the UBI Banca Group is subject govern the activities in which banks and banking foundations may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the UBI Banca Group must comply with financial services laws that govern its marketing and selling practices. One particularly significant change in regulatory requirements affecting the UBI Banca Group is the pending implementation of the New Basel Capital Accord (Basel II) on capital requirements for financial institutions.

Any changes in how such regulations are applied or implemented for financial institutions may have a material effect on the Issuer's business and operations. As some of the laws and regulations affecting the UBI Banca Group have only recently come into force, the manner in which they are applied to the operations of financial institutions is still evolving and their implementation, enforcement and/or interpretation may have an adverse effect on the business, financial condition, cash flows and results of operations of the Issuer.

Impact of events which are difficult to anticipate

The UBI Banca Group's earnings and business are affected by general economic conditions, the performance of financial markets, interest rate levels, currency exchange rates, changes in laws and regulation, changes in the polices of central banks, particularly the Bank of Italy and the European Central Bank, and competitive factors, at a regional, national and international level. Each of these factors can change the level of demand for the UBI Banca Group's products and services, the credit quality of Debtors and counterparties, the interest rate margin between lending and borrowing costs and the value of its investment and trading portfolios.

Changes in interest rates

Fluctuations in interest rates in Italy influence the UBI Banca Group's financial performance. The results of the UBI Banca Group's banking operations are affected by its management of interest rate sensitivity and, in particular, changes in market interest rates. A mismatch of interest-earning assets and interest-bearing liabilities in any given period, which tends to accompany changes in interest rates, may have a material effect on the UBI Banca Group's financial condition or results of operations. In addition, in recent years, the Italian banking sector has been characterised by increasing competition which, together with the low level of interest rates, has caused a sharp reduction in the difference between borrowing and lending rates, and has made it difficult for banks to maintain positive growth trends in interest rate margins.

Market declines and volatility

The results of the UBI Banca Group are affected by general economic, financial and other business conditions. During a recession, there may be less demand for loan products and a greater number of the UBI Banca Group's customers may default on their loans or other obligations. Interest rate rises may also have an impact on the demand for mortgages and other loan products. The risk arising from the impact of the economy and business climate on the credit quality of the UBI Banca Group's debtors and

counterparties can affect the overall credit quality and the recoverability of loans and amounts due from counterparties.

Credit and market risk

To the extent that any of the instruments and strategies used by the UBI Banca Group to hedge or otherwise manage its exposure to credit or market risk are not effective, the UBI Banca Group may not be able to mitigate effectively its risk exposure in particular market environments or against particular types of risk. The UBI Banca Group's trading revenues and interest rate risk are dependent upon its ability to identify properly, and mark to market, changes in the value of financial instruments caused by changes in market prices or interest rates. The UBI Banca Group's financial results also depend upon how effectively it determines and assesses the cost of credit and manages its own credit risk and market risk concentration.

Protracted market declines and reduced liquidity in the markets

In some of the UBI Banca Group's businesses, protracted adverse market movements, particularly the decline of asset prices, can reduce market activity and market liquidity. These developments can lead to material losses if the UBI Banca Group cannot close out deteriorating positions in a timely way. This may especially be the case for assets that did not enjoy a very liquid market to begin with. The value of assets that are not traded on stock exchanges or other public trading markets, such as derivatives contracts between banks, may be calculated by the UBI Banca Group using models other than publicly quoted prices. Monitoring the deterioration of the prices of assets like these is difficult and failure to do so effectively could lead to unanticipated losses. This in turn could adversely affect the UBI Banca Group's operating results and financial condition.

In addition, protracted or steep declines in the stock or bond markets in Italy and elsewhere may adversely affect the UBI Banca Group's securities trading activities and its asset management services, as well as its investments in and sales of products linked to the performance of financial assets.

Risk management and exposure to unidentified or unanticipated risks

The UBI Banca Group has devoted significant resources to developing policies, procedures and assessment methods to manage market, credit, liquidity and operating risks and intends to continue to do so in the future. Nonetheless, the UBI Banca Group's risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic market environments or against all types of risks, including risks that the UBI Banca Group fails to identify or anticipate. If existing or potential customers believe that the UBI Banca Group's risk management policies and procedures are inadequate, its reputation as well as its revenues and profits may be negatively affected.

Operational risk

The UBI Banca Group, like all financial institutions, is exposed to many types of operational risk, including the risk of fraud by employees and outsiders, unauthorised transactions by employees or operational errors, including errors resulting from faulty information technology or telecommunication systems. The UBI Banca Group's systems and processes are designed to ensure that the operational risks associated with its activities are appropriately monitored. Any failure or weakness in these systems, could however adversely affect its financial performance and business activities. Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that either the Issuer or the UBI Banca Group will be unable to comply with its obligations as a company with securities admitted to the Official List of the London Stock Exchange.

Reliance on primary geographic markets

Although the UBI Banca Group has a widespread geographic distribution of over 1,920 branches (as at 31 May 2008), over 65 per cent. of its branches are located in northern Italy. The Issuer has strong territorial roots in certain regions where it has historically operated (particularly Lombardy, Piedmont, Marche and Apulia). The UBI Banca Group relies for its distribution system on local banks with long-standing, deep-rooted traditions in their respective territories.

Legal proceedings

The UBI Banca Group is involved in various legal proceedings. Management believes that such proceedings have been properly analysed by the Issuer and its subsidiaries in order to decide whether any increase in provisions for litigation is necessary or appropriate in all the circumstances and, with respect to some specific issues, whether to refer to them in the notes to its financial statements in accordance with IFRS. For more detailed information, see "The Issuer – Significant Legal Proceedings".

Catastrophic events, terrorist attacks and similar events could have a negative impact on the business and results of the Issuer

Catastrophic events, terrorist attacks and similar events, as well as the responses thereto, may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which the Issuer operates and, more specifically, on the business and results of the Issuer in ways that cannot be predicted.

Adverse regulatory developments including changes in tax laws

The Issuer conducts its businesses subject to ongoing regulatory and associated risks, including the effects of changes in laws, regulations, and policies in Italy. The timing and the form of future changes in regulation are unpredictable and beyond the control of the Issuer, and changes made could materially adversely affect the Issuer's business.

The Issuer is required to hold a licence for its operations and is subject to regulation and supervision by authorities in Italy and in all other jurisdictions in which it operates. Extensive regulations are already in place and new regulations and guidelines are introduced relatively frequently. Regulators and supervisory authorities seem to be taking an increasingly strict approach to regulations and their enforcement that may not be to the Issuer's benefit. A breach of any regulations by the Issuer could lead to intervention by supervisory authorities and the Issuer could come under investigation and surveillance, and be involved in judicial or administrative proceedings. The Issuer may also become subject to new regulations and guidelines that may require additional investments in systems and people and compliance with which may place additional burdens or restrictions on the Issuer. For example, the Basel Committee on Banking Supervision of the Bank for International Settlements has developed new international capital adequacy guidelines commonly known as Basel II. These guidelines were endorsed by central bank governors and the heads of bank supervisory authorities in the Group of Ten (G-10) countries in June 2004. The Capital Requirements Directive, representing the translation of Basel II into EU legislation was adopted by the EU institutions in Autumn 2005. The Capital Requirements Directive was implemented in Italy on 27 December 2006 although part will come into effect on a later date. The guidelines require banks to make a choice of an approach to capital requirements related to risk levels. Should the Issuer not be able to implement the approach to capital requirements it considers optimal, it may be required to maintain levels of capital which could potentially impact its credit ratings, funding conditions and limit the Issuer's growth opportunities.

A downgrade of any of the Issuer's credit ratings may impact the Issuer's funding ability and have an adverse effect on the Issuer's financial condition

The current long- and short-term counterparty credit ratings of the Issuer are, respectively, "A" from Fitch, "A-1" from Moody's and "A" from S&P and "F1" from Fitch, "P-1" from Moody's and "A-1" from S&P. A downgrade of any of the Issuer's ratings (for whatever reason) might result in higher funding and refinancing costs for the Issuer in the capital markets. In addition, a downgrade of any of the Issuer's ratings may limit the Issuer's opportunities to extend mortgage loans and may have a particularly adverse affect on the Issuer's image as a participant in the capital markets, as well as in the eyes of its clients. These factors may have an adverse affect on the Issuer's financial condition and/or results of operations.

Investment Considerations relating to the Guarantor

Guarantor only obliged to pay Guaranteed Amounts when they are due for payment

Following service of an Issuer Default Notice on the Issuer and the Guarantor, under the terms of the Covered Bond Guarantee the Guarantor will only be obliged to pay Guaranteed Amounts as and when the same are due for payment on each Interest Payment Date, *provided that*, in the case of any amounts representing the Final Redemption Amount due and remaining unpaid as at the original Maturity Date,

the Guarantor may pay such amounts on any Interest Payment Date thereafter, up to (and including) the Extended Maturity Date. Such Guaranteed Amounts will be paid subject to and in accordance with the Guarantee Priority of Payments or the Post-Enforcement Priority of Payments, as applicable. In these circumstances the Guarantor will not be obliged to pay any other amounts in respect of the Covered Bonds which become payable for any other reason.

Subject to any grace period, if the Guarantor fails to make a payment when due for payment under the Covered Bond Guarantee or any other Guarantor Event of Default occurs, then the Representative of the Covered Bondholders will accelerate the obligations of the Guarantor under the Covered Bond Guarantee by service of a Guarantor Default Notice, whereupon the Representative of the Covered Bondholders will have a claim under the Covered Bond Guarantee for an amount equal to the Early Termination Amount of each Covered Bond, together with accrued interest and all other amounts then due under the Covered Bonds. Following service of a Guarantor Default Notice, the amounts due from the Guarantor shall be applied by the Representative of the Covered Bondholders in accordance with the Post-Enforcement Priority of Payments, and Covered Bondholders will receive amounts from the Guarantor on an accelerated basis. If a Guarantor Default Notice is served on the Guarantor then the Covered Bonds may be repaid sooner or later than expected or not at all.

Limited resources available to the Guarantor

Following the occurrence of an Issuer Event of Default and service of an Issuer Default Notice on the Issuer and on the Guarantor, the Guarantor will be under an obligation to pay the Covered Bondholders pursuant to the Covered Bond Guarantee. The Guarantor's ability to meet its obligations under the Covered Bond Guarantee will depend on (a) the amount of interest and principal generated by the Portfolio and the timing thereof and (b) amounts received from the Swap Providers. The Guarantor will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

If a Guarantor Event of Default occurs and the Covered Bond Guarantee is enforced, the proceeds of enforcement may not be sufficient to meet the claims of all the secured creditors, including the Covered Bondholders. If, following enforcement and realisation of the assets in the Cover Pool, creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, then they may still have an unsecured claim against the Issuer for the shortfall. There is no guarantee that the Issuer will have sufficient funds to pay that shortfall.

Reliance of the Guarantor on third parties

The Guarantor has entered into agreements with a number of third parties, which have agreed to perform services for the Guarantor. In particular, but without limitation, the Master Servicer and, in relation to the Mortgage Loans comprising each relevant Portfolio, the Sub-Servicers have been appointed to service Portfolios sold to the Guarantor and the Calculation Agent has been appointed to calculate and monitor compliance with the Statutory Tests and the Amortisation Test. In the event that any of these parties fails to perform its obligations under the relevant agreement to which it is a party, the realisable value of the Cover Pool or any part thereof or pending such realisation (if the Cover Pool or any part thereof cannot be sold) the ability of the Guarantor to make payments under the Covered Bond Guarantee may be affected. For instance, if the Master Servicer or any Sub-Servicer has failed to administer the Mortgage Loans adequately, this may lead to higher incidences of non-payment or default by Debtors. The Guarantor is also reliant on the Swap Providers to provide it with the funds matching its obligations under the Covered Bond Guarantee, as described in the following two investment considerations.

If a Master Servicer Termination Event occurs pursuant to the terms of the Master Servicing Agreement, then the Guarantor and/or the Representative of the Covered Bondholders will be entitled to terminate the appointment of the Master Servicer and, automatically, of any Sub-Servicer and appoint a new master servicer in its place. There can be no assurance that a substitute master servicer with sufficient experience of administering mortgages of residential properties would be found who would be willing and able to service the Mortgage Loans on the terms of the Master Servicing Agreement. The ability of a substitute master servicer to perform fully the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute master servicer may affect the realisable value of the Cover Pool or any part thereof, and/or the ability of the Guarantor to make payments under the Covered Bond Guarantee.

Neither the Master Servicer nor any Sub-Servicer has any obligation to advance payments if the Debtors fail to make any payments in a timely fashion. Covered Bondholders will have no right to consent to or approve of any actions taken by the Master Servicer or any other Sub-Servicer under the Master Servicing Agreement.

The Representative of the Covered Bondholders is not obliged in any circumstances to act as the Master Servicer or any Sub-Servicer or to monitor the performance by the Master Servicer or any Sub-Servicer of their obligations.

Reliance on Swap Providers

To provide a hedge against possible variations in the performance of the Portfolio and one-month EURIBOR, the Guarantor will enter into the Asset Swap Agreements with the Asset Swap Providers. In addition, to provide a hedge against interest rate, currency and/or other risks in respect of each Series of the Covered Bonds issued under the Programme, the Issuer and the Guarantor will each enter into a Liability Swap Agreement with a Liability Swap Provider.

If the Issuer or the Guarantor (as the case may be) (the "Relevant Swap Holder") fails to make timely payments of amounts due under any Swap Agreement, then it will (unless otherwise stated in the relevant Swap Agreement) have defaulted under that Swap Agreement. A Swap Provider is (unless otherwise stated in the relevant Swap Agreement) only obliged to make payments to the Relevant Swap Holder as long as the Relevant Swap Holder complies with its payment obligations under the relevant Swap Agreement. In circumstances where non-payment by the Relevant Swap Holder under a Swap Agreement does not result in a default under that Swap Agreement, the Swap Provider may be obliged to make payments to the Relevant Swap Holder pursuant to the Swap Agreement as if payment had been made by the Relevant Swap Holder. Any amounts not paid by the Relevant Swap Holder to a Swap Provider may in such circumstances incur additional amounts of interest by the Relevant Swap Holder, which would rank senior to amounts due on the Covered Bonds. If the Swap Provider is not obliged to make payments or if it defaults in its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Relevant Swap Holder on the payment date under the Swap Agreements, the Relevant Swap Holder will be exposed to changes in the relevant currency exchange rates to Euro and to any changes in the relevant rates of interest. In addition, subject to Rating Agency confirmation that the then current ratings of the Covered Bonds would not be adversely affected, the Relevant Swap Holder may hedge only part of the possible risk and, in such circumstances, may have insufficient funds to make payments under the Cover Bonds or the Covered Bond Guarantee.

If a Swap Agreement terminates, then the Relevant Swap Holder may be obliged to make a termination payment to the relevant Swap Provider. There can be no assurance that the Relevant Swap Holder will have sufficient funds available to make a termination payment under the relevant Swap Agreement, nor can there be any assurance that the Relevant Swap Holder will be able to enter into a replacement swap agreement, or if one is entered into, that the credit rating of the replacement swap provider will be sufficiently high to prevent a downgrade of the then current ratings of the Covered Bonds by the Rating Agencies. In addition the Swap Agreements may provide that notwithstanding the Swap Providers ceasing to be assigned the requisite ratings and the failure by the Swap Providers to take the remedial action set out in the relevant Swap Agreement, the Relevant Swap Holder may not terminate the Swap Agreement until a replacement swap provider has been found. There can be no assurance that the Relevant Swap Holder will be able to enter into a replacement swap agreement with a replacement swap provider with the requisite ratings.

If the Relevant Swap Holder is obliged to pay a termination payment under any Swap Agreement, such termination payment will rank *pari passu* with amounts due to Covered Bondholders under the Covered Bond Guarantee. Accordingly, the obligation to pay a termination payment may adversely affect the ability of the Issuer and the Guarantor to meet their respective obligations under the Covered Bonds or the Covered Bond Guarantee.

No gross up on withholding tax

In respect of payments made by the Guarantor under the Covered Bond Guarantee, to the extent that the Guarantor is required by law to withhold or deduct any present or future taxes of any kind imposed or levied by or on behalf of the Republic of Italy from such payments, the Guarantor will not be under an obligation to pay any additional amounts to Covered Bondholders, irrespective of whether such

withholding or deduction arises from existing legislation or its application or interpretation as at the relevant Issue Date or from changes in such legislation, application or official interpretation after the Issue Date.

Limited description of the Cover Pool

Covered Bondholders will not receive detailed statistics or information in relation to the Mortgage Loans in the Cover Pool, because it is expected that the constitution of the Cover Pool will frequently change due to, for instance:

- the Sellers selling further Mortgage Loans (or types of loans, which are of a type that have not previously been comprised in the relevant Portfolio transferred to the Guarantor); and
- the Sellers repurchasing Mortgage Loans in accordance with the Master Loans Purchase Agreement.

However, each Mortgage Loan will be required to meet the Eligibility Criteria (see "Description of the Cover Pool - Eligibility Criteria") and will be subject to the representations and warranties set out in the Warranty and Indemnity Agreement – see "Summary of the Transaction Documents – Warranty and Indemnity Agreement". In addition, the Nominal Value Test is intended to ensure that the aggregate Outstanding Principal Balance of the Cover Pool is at least equal to the Outstanding Principal Amount of the Covered Bonds for so long as Covered Bonds remain outstanding and the Calculation Agent will provide monthly reports that will set out certain information in relation to the Statutory Tests.

Sale of Eligible Assets following the occurrence of an Issuer Event of Default

If an Issuer Default Notice is served on the Issuer and the Guarantor, then the Guarantor will be obliged to sell Eligible Assets (selected on a random basis) in order to make payments to the Guarantor's creditors including making payments under the Covered Bond Guarantee, see "Summary of the Transaction Documents" – "Cover Pool Management Agreement".

There is no guarantee that a buyer will be found to acquire Eligible Assets at the times required and there can be no guarantee or assurance as to the price which can be obtained for such Eligible Assets, which may affect payments under the Covered Bond Guarantee. However, the Eligible Assets may not be sold by the Guarantor for less than an amount equal to the Required Outstanding Principal Balance Amount for the relevant Series of Covered Bonds until six months prior to the Maturity Date in respect of such Covered Bonds or (if the same is specified as applicable in the relevant Final Terms) the Extended Maturity Date under the Covered Bond Guarantee in respect of such Covered Bonds. In the six months prior to, as applicable, the Maturity Date or Extended Maturity Date, the Guarantor is obliged to sell the Selected Loans for the best price reasonably available notwithstanding that such price may be less than the Required Outstanding Principal Balance Amount.

Realisation of assets following the occurrence of a Guarantor Event of Default

If a Guarantor Event of Default occurs and a Guarantor Default Notice is served on the Guarantor, then the Representative of the Covered Bondholders will be entitled to enforce the Covered Bond Guarantee and to apply the proceeds deriving from the realisation of the Cover Pool towards payment of all secured obligations in accordance with the Post-Enforcement Priority of Payments, as described in the section entitled "Cashflows" below.

There is no guarantee that the proceeds of realisation of the Cover Pool will be in an amount sufficient to repay all amounts due to creditors (including the Covered Bondholders) under the Covered Bonds and the Transaction Documents. If a Guarantor Default Notice is served on the Guarantor then the Covered Bonds may be repaid sooner or later than expected or not at all.

Factors that may affect the realisable value of the Cover Pool or the ability of the Guarantor to make payments under the Covered Bond Guarantee

Following the occurrence of an Issuer Event of Default, the service of an Issuer Default Notice on the Issuer and on the Guarantor, the realisable value of Eligible Assets comprised in the Cover Pool may be reduced (which may affect the ability of the Guarantor to make payments under the Covered Bond Guarantee) by:

- default by Debtors of amounts due on their Mortgage Loans;
- changes to the lending criteria of the Sellers;
- set-off risks in relation to some types of Mortgage Loans in the Cover Pool;
- limited recourse to the Sellers:
- possible regulatory changes by the Bank of Italy, CONSOB or other regulatory authorities; and
- regulations in Italy that could lead to some terms of the Mortgage Loans being unenforceable.

Each of these factors is considered in more detail below. However, it should be noted that the Statutory Tests, the Amortisation Test and the Eligibility Criteria are intended to ensure that there will be an adequate amount of Mortgage Loans in the Cover Pool and moneys standing to the credit of the Accounts to enable the Guarantor to repay the Covered Bonds following an Issuer Event of Default, service of an Issuer Default Notice on the Issuer and on the Guarantor and accordingly it is expected (although there is no assurance) that Eligible Assets and Top-Up Assets could be realised for sufficient prices to enable the Guarantor to meet its obligations under the Covered Bond Guarantee.

Default by Debtors in paying amounts due on their Mortgage Loans

Debtors may default on their obligations due under the Mortgage Loans for a variety of reasons. The Mortgage Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Other factors in Debtors' individual, personal or financial circumstances may affect the ability of Debtors to repay the Mortgage Loans. Loss of earnings, illness, divorce and other similar factors may lead to an increase in default by and bankruptcies of Debtors, and could ultimately have an adverse impact on the ability of Debtors to repay the Mortgage Loans. In addition, the ability of a borrower to sell a property given as security for Mortgage Loan at a price sufficient to repay the amounts outstanding under that Mortgage Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time.

Changes to the lending criteria of the Sellers

Each of the Mortgage Loans originated by the Sellers will have been originated in accordance with its lending criteria at the time of origination. Each of the Mortgage Loans sold to the Guarantor by the Sellers, but originated by a person other than a Seller (an "Originator"), will have been originated in accordance with the lending criteria of such Originator at the time of origination. It is expected that the relevant Seller's or the relevant Originator's, as the case may be, lending criteria will generally consider type of property, term of loan, age of applicant, the loan-to-value ratio, mortgage indemnity guarantee policies, high loan-to-value fees, status of applicants and credit history. In the event of the sale or transfer of any Mortgage Loans to the Guarantor, the Sellers will warrant that (a) such Mortgage Loans as were originated by it were originated in accordance with the Seller's lending criteria applicable at the time of origination and (b) such Mortgage Loans as were originated by an Originator, were originated in accordance with the relevant Originator's lending criteria applicable at the time of origination. The Sellers retain the right to revise their lending criteria from time to time subject to the terms of the Master Loans Purchase Agreement. An Originator may additionally revise its lending criteria at any time. However, if such lending criteria change in a manner that affects the creditworthiness of the Mortgage Loans, that may lead to increased defaults by Debtors and may affect the realisable value of the Cover Pool and the ability of the Guarantor to make payments under the Covered Bond Guarantee. However, it should be noted that Defaulted Loans in the Cover Pool will be given a reduced weighting for the purposes of the calculation of the Statutory Tests and the Amortisation Test.

Legal risks relating to the Mortgage Loans

The ability of the Guarantor to recover payments of interest and principal from the Mortgage Loans is subject to a number of legal risks. There include the risks set out below.

Set-off risks

The assignment of receivables under the Securitisation and Covered Bond Law is governed by article 58, paragraph 2, 3 and 4, of the Consolidated Banking Act. According to the prevailing interpretation of such provision, such assignment becomes enforceable against the relevant debtors as of the later of (i) the date of the publication of the notice of assignment in the Official Gazette (*La Gazzetta Ufficiale della Repubblica Italiana*), and (ii) the date of registration of the notice of assignment in the local Companies' Registry. Consequently, the rights of the Guarantor may be subject to the direct rights of the Debtors against the Seller or, as applicable the relevant Originator, including rights of set-off on claims arising existing prior to notification in the Official Gazette and registration at the local Companies' Registry. In addition, the exercise of set-off rights by Debtors may adversely affect any sale proceeds of the Cover Pool and, ultimately, the ability of the Guarantor to make payments under the Covered Bond Guarantee. In this respect, it should be noted that the Issuer has undertaken, upon occurrence of an Issuer Downgrading Event, to notify on a quarterly basis the Rating Agencies of the Potential Set-Off Amount. As long as the Issuer Downgrading Event is continuing, the Asset Percentage shall be reduced by an amount equal to such Potential Set-Off Amount.

Usury Law

Italian Law number 108 of 7 March 1996 (the "Usury Law") introduced legislation preventing lenders from applying interest rates equal to or higher than rates (the "Usury Rates") set every three months on the basis of a Decree issued by the Italian Treasury (the last such Decree having been issued on 23 June 2008). In addition, even where the applicable Usury Rates are not exceeded, interest and other advantages and/or remuneration may be held to be usurious if: (i) they are disproportionate to the amount lent (taking into account the specific circumstances of the transaction and the average rate usually applied for similar transactions) and (ii) the person who paid or agreed to pay was in financial and economic difficulties. The provision of usurious interest, advantages or remuneration has the same consequences as non-compliance with the Usury Rates. In certain judgements issued during 2000, the Italian Supreme Court (*Corte di Cassazione*) ruled that the Usury Law applied both to loans advanced prior to and after the entry into force of the Usury Law. The amount payable by the Debtors pursuant to the Mortgage Loans may be subject to reduction, if deemed to be usurious.

Compound interest

Pursuant to article 1283 of the Italian Civil Code, in respect of a monetary claim or receivable, accrued interest may be capitalised after a period of not less than six months or from the date when any legal proceedings are commenced in respect of that monetary claim or receivable. Article 1283 of the Italian Civil Code allows derogation from this provision in the event that there are recognised customary practices to the contrary. Banks and other financial institutions in the Republic of Italy have traditionally capitalised accrued interest on a quarterly basis on the grounds that such practice could be characterised as a customary practice. However, a number of recent judgements from Italian courts (including judgements from the Italian Supreme Court (*Corte di Cassazione*) have held that such practices may not be defined as customary practices. Consequently if Debtors were to challenge this practice, it is possible that such interpretation of the Italian Civil Code would be upheld before other courts in the Republic of Italy and that the returns generated from the relevant Mortgage Loans may be prejudiced.

Mortgage borrower protection

Certain recent legislation enacted in Italy has given new rights to mortgage debtors and/or reinforced existing rights, including:

• the right of prepayment of the principal amount of the mortgage loan, without incurring a penalty or, in respect of mortgage loan agreements entered into before 2 February 2007, at a reduced penalty rate;

- the right of first home-owners to suspend instalment payments under mortgage loans up to a maximum of two times and for a maximum aggregate period of 18 months; and
- certain rights to renegotiate floating rate mortgage loans.

This legislation may have an adverse effect on the Cover Pool and, in particular, on any cash flow projections concerning the Cover Pool as well as on the over-collateralisation required in order to maintain the then current ratings of the Covered Bonds. However, as this legislation is relatively new, as at the date of this Prospectus, the Issuer is not in a position to predict its impact. For further information, see "Description of Certain Relevant Legislation in Italy – Certain Aspects of Italian Law relevant to Mortgage Loans".

The Covered Bonds bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments*). Each Covered Bond will cease to bear interest from the due date for final redemption unless payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Covered Bond up to that day are received by or on behalf of the relevant Covered Bondholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Covered Bondholders that it has received all sums due in respect of the Covered Bonds up to such seventh day (except to the extent that there is any subsequent default in payment).

The amount of interest payable in respect of each Covered Bond for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Covered Bonds are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

The amount of interest payable in respect of each Covered Bond for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Covered Bond divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

- (ii) in any other case, the Covered Bond Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Covered Bond Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Covered Bond Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Covered Bond Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Covered Bond Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Covered Bond Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Covered Bonds during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Covered Bonds in respect of a preceding Interest Period.

(d) ISDA Determination

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Covered Bonds for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Covered Bond Calculation Agent under an interest rate swap transaction if the Covered Bond Calculation Agent were acting as Covered Bond Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and

(g) Calculation of Interest Amount

The Covered Bond Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Covered Bond for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Covered Bond divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(h) Calculation of other amounts

If the relevant Final Terms specifies that any other amount is to be calculated by the Covered Bond Calculation Agent, then the Covered Bond Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Covered Bond Calculation Agent in the manner specified in the relevant Final Terms.

Notice thereof shall also promptly be given to the Covered Bondholders. The Covered Bond Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination, the Covered Bond Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Covered Bond having the minimum Specified Denomination.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Covered Bond Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Guarantor, the Principal Paying Agent, the Covered Bondholders and (subject as aforesaid) no liability to any such Person will attach to the Covered Bond Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

A demand for a poll shall be valid if it is made by the Chairman, the Issuer, the Guarantor, the Representative of the Covered Bondholders or any one or more Voters, whatever the Outstanding Principal Amount of the Covered Bonds held or represented by such Voter(s). A poll may be taken immediately or after such adjournment as is decided by the Chairman but any poll demanded on the election of a Chairman or on any question of adjournment shall be taken immediately. 15.2 The Chairman and a poll

The Chairman sets the conditions for the voting, including for counting and calculating the votes, and may set a time limit by which all votes must be cast. 20. CHALLENGE TO RESOLUTIONS

Any absent or dissenting Covered Bondholder has the right to challenge Resolutions which are not passed in compliance with the provisions of these Rules.

21. MINUTES

Minutes shall be made of all resolutions and proceedings of each Meeting and entered in books provided by the Issuer for that purpose. The Minutes shall be signed by the Chairman and shall be *prima facie* evidence of the proceedings therein recorded. Unless and until the contrary is proved, every Meeting in respect of which minutes have been signed by the Chairman shall be regarded as having been duly convened and held and all resolutions passed or proceedings transacted shall be regarded as having been duly passed and transacted.

22. WRITTEN RESOLUTION

A Written Resolution shall take effect as if it were an Extraordinary Resolution or, in respect of matters required to be determined by Ordinary Resolution, as if it were an Ordinary Resolution.

23. INDIVIDUAL ACTIONS AND REMEDIES

Each Covered Bondholder has accepted and is bound by the provisions of Condition 17 (Limited Recourse and Non Petition) and, accordingly, if any Covered Bondholder is considering bringing individual actions or using other individual remedies to enforce his/her rights under the Covered Bond Guarantee (hereinafter, a "Claiming Covered Bondholder"), then such Claiming Covered Bondholder intending to enforce his/her rights under the Covered Bonds will notify the Representative of the Covered Bondholders of his/her intention. - 24.1.3 a resolution which in the opinion of the Representative of the Covered Bondholders affects the Covered Bonds of more than one Series and gives or may give rise to a conflict of interest between the holders of the Covered Bonds of one Series or group of Series so affected and the holders of the Covered Bonds of another Series or group of Series so affected shall be deemed to have been duly passed only if passed at separate meetings of the holders of the Covered Bonds of each Series or group of Series so affected;

In such circumstances, on any poll each person present shall have one vote for each &1.00 (or such other euro amount as the Representative of the Covered Bondholders may in its absolute discretion stipulate) of the Outstanding Principal Amount of the Covered Bonds (converted as above) which he holds or represents.

The Representative of the Covered Bondholders may do anything which, in its opinion, is necessary to comply with any such law, regulation or directive as aforesaid.

30. RELIANCE ON INFORMATION

30.1 Advice

The Representative of the Covered Bondholders may act on the advice of a certificate or opinion of, or any written information obtained from, any lawyer, accountant, banker, broker, credit or rating agency or other expert, whether obtained by the Issuer, the Guarantor, the Representative of the Covered Bondholders or otherwise, and shall not be liable for any loss occasioned by so acting. 30.4 Certificates of Monte Titoli Account Holders

If the Representative of the Covered Bondholders, in order properly to exercise its rights or fulfil its obligations, deems it necessary to obtain the views of the Rating Agencies as to how a specific act would affect any outstanding rating of the Covered Bonds, the Representative of the Covered Bondholders may inform the Issuer, which will then obtain such views at its expense on behalf of the Representative of the Covered Bondholders or the Representative of the Covered Bondholders may seek and obtain such views itself at the cost of the Issuer.

30.7 Certificates of Parties to Transaction Document

The Representative of the Covered Bondholders shall have the right to call for or require the Issuer or the Guarantor to call for and to rely on written certificates issued by any party (other than the Issuer or the Guarantor) to the Intercreditor Agreement or any other Transaction Document,

31.4 **Obligation to act**

The Representative of the Covered Bondholders shall be bound to concur with the Issuer and the Guarantor and any other party in making any modifications to these Rules, the Conditions and/or the other Transaction Documents if it is so directed by a Programme Resolution and then only if it is indemnified and/or secured to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

The Parent Bank— UBI Banca S.c.p.A.

The role of UBI Banca, a listed bank with co-operative status, within the UBI Banca Group is as follows:

- the management, co-ordination and control of the UBI Banca Group. UBI Banca identifies the strategic objectives of the UBI Banca Group, determines its common business model principally through the industrial plan and budget and, together with the senior management of the companies in the UBI Banca Group, defines the strategic development objectives of those companies. UBI Banca also sets strategic guidelines and policies and supervises the different components of risk that originate in the different business areas in which the UBI Banca Group operates;
- control of business functions and support of the activities of network banks and product companies in their core business, with supervision of both markets and customer segments. UBI Banca ensures that business initiatives and commercial policies are consistent, co-ordinates the development and management of the range of products and services, manages group finances centrally and supervises the lending policies of the UBI Banca Group; and
- the provision, whether directly or through subsidiaries, of business support services, with the aim
 of facilitating business growth and providing effective customer service by optimising operating
 costs through economies of scale and ensuring that service levels meet the highest industry
 standards.

The Network Banks

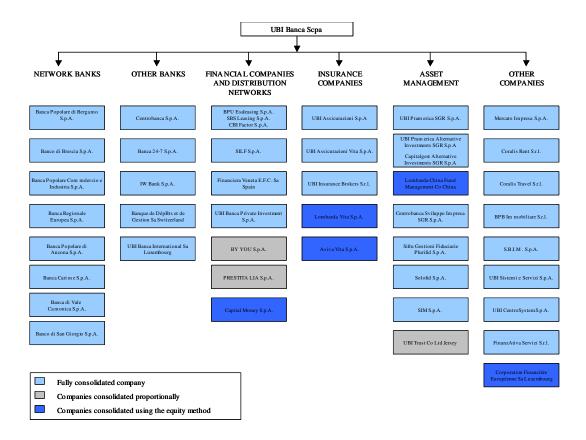

Management is of the view that local presence guarantees more accurate interpretation of trends on the ground, faster decision-making and encourages and improves customer loyalty and the management of credit risk. As a consequence, it is necessary to enhance the identities and brand names of individual local banks. The network banks operate in their original local markets with the objective of consolidating and broadening customer relations and maximising the economic value and the quality of the services they provide at local level.

The network banks are divisionalized (retail, corporate and private) and their customer base is segmented to allow specific service models to be employed for each customer segment (Mass Market, Affluent, Private, Poe, Small Business, Low, Mid and Large Corporate).

The network banks use services and instruments (e.g. CRM), and offer services and products, made available by UBI Banca and the product companies.

Product Companies

• The product companies' role is to optimise the quality, breadth of range and value for money of their products and services, concentrating and rationalising the specialist expertise of the UBI Banca Group. Thanks to the contribution of the two original Groups, UBI Banca is now active, through its product companies, in a number of different specialist sectors, namely asset management, life and non life bancassurance, consumer finance, leasing, factoring and corporate banking.

Significant Legal Proceedings

The UBI Banca Group is at present involved in certain clawback actions brought by Parmalat S.p.A. in Amministrazione Straordinaria (extraordinary administration). These claims have an aggregate amount of Euro 246,521,984 and have been disclosed by the UBI Banca Group in its published financial statements. Although it is difficult to predict the outcome of such claims, the UBI Banca Group is of the opinion that it has made appropriate allocations according to such aggregate claimed amount and based on the applicable case-law. Therefore the UBI Banca Group believes that liabilities related to such claims and proceedings are unlikely to have, in the aggregate, significant effects on the financial position or profitability of UBI Banca or the Group.

SUMMARY OF FINANCIAL INFORMATION OF THE ISSUER

The merger by incorporation of Banca Lombarda into BPU became effective on 1 April 2007 and, with effect from that date, BPU changed its name to Unione di Banche Italiane S.c.p.a. Accordingly, the annual financial statements of the Issuer as at and for the year ended 31 December 2007 are the first annual financial statements pertaining to UBI Banca as a merged entity.

The following tables present balance sheet and income statement information derived from:

- the consolidated and individual annual financial statements of the Issuer as at and for the year ended 31 December 2007 which include the full year accounts for the former BPU and the accounts for the last three quarters of 2007 (since the date the merger was effective) for the former BL; and
- the consolidated annual financial statements of the Issuer as at and for the year ended 31 December 2006 which include the full year accounts for former BPU; and
- the *pro forma* consolidated and individual annual financial information of the Issuer as at and for the year ended 31 December 2007, reconstructed to include the 12 months accounts both of former BPU and of former BL, and the 12-month effects of PPA (purchase price allocation) and other adjustments, as described in further detail in "Notes to the Pro Forma Statements" below.

The information in the tables below should be read in conjunction with, and is qualified in its entirety by reference to, the full financial statements referred to above, in each case together with the accompanying notes and auditors' reports, all of which are incorporated by reference in this Prospectus.

Annual Financial Statements

The consolidated and individual annual financial statements incorporated by reference in this Prospectus have been prepared in accordance with International Financial Reporting Standards, as adopted by the European Union and as implemented under the Bank of Italy's instructions contained in Circular No. 262 of 22 December 2005 and related transitional regulations in Italy ("IFRS") and have been audited by KPMG S.p.A., whose reports are attached to such financial statements. All figures are in thousand euro unless otherwise stated.

Pro-forma consolidated and individual statements

The following notes relate to the *pro-forma* consolidated and individual balance sheet and income statement information of the Issuer set out on the pages that follow.

Notes to the pro-forma statements

The merger of Banca Lombarda e Piemontese S.p.A. into Banche Popolari Unite S.c.p.a. (hereinafter "**BPU Banca**") took effect on 1 April 2007 and BPU Banca has adopted the new name of Unione di Banche Italiane S.c.p.a. (hereinafter "**UBI Banca**") since that date.

The Annual Report for the year ended 31 December 2007 was UBI Banca's first annual report and it includes both individual company and consolidated balance sheet and income statement figures for Banca Lombarda e Piemontese S.p.A. from 1 April 2007.

For illustrative purposes only, the individual company and consolidated balance sheet and income statement figures of UBI Banca for the full financial year 2007, pro-forma individual company and consolidated financial statements have been prepared (hereinafter the "pro-forma financial statements") as at 31 December 2007 for UBI Banca together with the notes to them. As detailed below, these figures include the results of Banca Lombarda e Piemontese for the full financial year 2007 (twelve months).

The individual company and consolidated, pro-forma financial statements presented in the tables that follow consist of the balance sheets and income statements prepared in accordance with the provisions of Bank of Italy Circular No. 262 of 22 December 2005.

The pro-forma statements as at and for the year ended 31 December 2007 derive from adjustments made to the individual company and consolidated financial statements of UBI Banca, which were prepared in compliance with IFRS and audited by the independent auditors, KPMG S.p.A..

The same valuation criteria were used in the preparation of 2007 pro-forma financial statements as those applied in the preparation of the individual company and consolidated financial statements contained in the Annual Report of UBI Banca for the year ended 31 December 2007.

Details of the main hypotheses adopted in preparing the pro-forma individual company and consolidated figures are given below:

- the individual company and consolidated pro-forma balance sheets of UBI Banca as at and for
 the year ended 31 December 2007 are based on the accounts of UBI Banca, but they have been
 integrated to incorporate the contribution to profits made in the first three months of the year by
 Banca Lombarda e Piemontese and by the Banca Lombarda e Piemontese Group, and also the
 effects on profits of the PPA (Purchase Price Allocation);
- the individual company and consolidated pro-forma income statements of UBI Banca to 31 December 2007 are based on the accounts of UBI Banca, but they have been integrated to include the individual company and consolidated figures to 31 March 2007 of Banca Lombarda e Piemontese, reclassified with respect to those originally published in the light of the standardisation of accounting practices performed following the merger and of the effects in the income statement, again for the first three months of the year, of the PPA (Purchase Price Allocation).

Account was also taken in the preparation of the consolidated financial statements of the elimination of intercompany items existing between the two groups prior to the merger.

The pro-forma adjustments include the tax effects, where applicable, relating to those adjustments themselves using the tax rates in force at the end of the periods for which the pro-forma individual company and consolidated figures have been presented.

The following aspects should be considered for a proper interpretation of the information contained in the pro-forma accounts:

- since these figures are based on hypotheses, if the merger had really taken place on the balance sheet date of the pro-forma statements instead of on the actual date on which it took effect, then the figures in the statements would not necessarily have been the same as the pro-forma figures;
- the pro-forma accounting figures and those published in the financial statements are designed to provide information for different purposes and are affected by different methods of calculating the effects of merger transactions with reference to the balance sheet and the income statement. As a consequence the pro-forma financial statements must be read and interpreted independently, considering the particular purposes for which they were prepared.

NOTES

- The column "Merger and PPA" contains the effects on profit resulting from the increase in the values made in the
 PPA to loans to customers, properties, equity investments, consolidated at equity, intangible assets and medium to
 long terms financial liabilities. There was also some alignment of accounting and consolidation practices in the new
 Group which, however, did not constitute changes to accounting policies. These adjustment also included the related
 tax effects.
- 2. The intergroup column shows the intercompany elimination of items of the companies of the former BL Group and the companies of the former BPU Group Limited to the first quarter of 2007, and also the reclassification of interest income and expenses relating to the classification of the balance on hedging derivatives differentials present in the accounts of the forma Banca Lombarda to 31 March 2007.

Defaulted and problem loans

The supervisory regulations of the Bank of Italy relating to problem loans identify the following categories:

- restructured loans (crediti ristrutturati);
- loans subject to country risk (*crediti soggetti a rischio paese*);
- impaired loans (partite incagliate);
- bad and doubtful loans (crediti in sofferenza); and
- loans past due (esposizioni scadute e/o sconfinanti).

Restructured loans

These are loans for which a bank (or a pool of banks) agrees to amend the original contractual terms and conditions, due to deterioration in the debtor's financial and economic conditions, giving rise to a loss.

Loans subject to country risk

"Country risk" relates to problems of solvency in countries where there are difficulties surrounding the service of debt. There are seven categories of risk. Italian banks must monitor the percentage of devaluation (0-15-20-25-30-40-60 per cent.) which has to be applied to loans in each of these categories which are not specifically guaranteed against political or economic risk. Italian banks must report monthly to the Bank of Italy on their positions for each country.

Impaired loans

Pursuant to guidelines established by the Bank of Italy, banks must classify a loan as an "impaired loan" if they determine that the borrower is experiencing financial or economic difficulties that are likely to be temporary.

Bad loans

Bad loans are loans in relation to which the relevant borrower is in a state of insolvency (whether or not insolvency proceedings have been commenced). A subjective test is used by the relevant lending bank to determine whether the borrower is in a state of insolvency.

Loans past due

Loans past due include loans in respect of which repayment is in arrears by more than 90 days for Category 1 loans or 180 days for Category 2 loans. The payment default must be continuous.

Banca Carime S.p.A.

History and development

Banca Carime S.p.A. ("Banca Carime") was incorporated under the laws of Italy on 30 January 2001 following the merger between a financial company belonging to the former Banca Popolare Commercio e Industria Group and Carime, a banking company incorporated on 31 December 1997 within the Intesa Group, to which the lines of business of three Southern Saving Banks (Carical S.p.A., Caripuglia S.p.A. and Cassa di Risparmio Salernitana S.p.A.) had been transferred. In June 2000 Banca Intesa and Banca Popolare Commercio e Industria reached an agreement for the sale to the latter of the controlling stake in Banca Carime. On 1 July 2003, Banca Carime became part of the BPU Group, created from the merger between Banca Popolare di Bergamo-Credito Varesino Scrl, Banca Popolare Commercio e Industria Scrl and Banca Popolare di Luino e di Varese S.p.A. Banca Carime then became part of the UBI Banca Group following the merger between BPU Banca and Banca Lombarda effective from the 1 April 2007.

Pursuant to Article 3 of its by-laws, the duration of the company is up to 31 December 2050. Its registered office is at Viale Crati in Cosenza and its principal objects, as set out in Article 4 of its by-laws, are deposit-taking and the carrying-out of all forms of lending activities. For such purposes, the Company may carry out, in addition to banking activities, all other financial activities in compliance with the discipline set out for each of them, including the purchase and management of equity investments and the establishment and management of supplementary pension programmes, either open or closed.

Areas of activity - general

SUMMARY OF THE TRANSACTION DOCUMENTS

Covered Bond Guarantee

On 30 July 2008, the Guarantor, the Issuer and the Representative of the Covered Bondholders entered into the Covered Bond Guarantee pursuant to which the Guarantor agreed to issue, for the benefit of the Covered Bondholders and the Other Issuer Creditors, a first demand, unconditional, irrevocable and autonomous guarantee to support payments of interest and principal under the Covered Bonds issued by the Issuer under the Programme and other payments due to the Other Issuer Creditors. Under the Covered Bond Guarantee the Guarantor has agreed to pay an amount equal to the Guaranteed Amounts when the same shall become due and payable but which would otherwise be unpaid by the Issuer. The obligations of the Guarantor under the Covered Bond Guarantee constitute direct and unconditional, unsubordinated and limited recourse obligations of the Guarantor, collateralised by the Cover Pool as provided under the Securitisation and Covered Bond Law, Decree 310 and the Bank of Italy Regulations.

The Representative of the Covered Bondholders will enforce the Covered Bond Guarantee: (i) following the occurrence of an Issuer Event of Default and subject to any applicable grace periods, by serving an Issuer Default Notice on the Issuer and the Guarantor; and (ii) following the occurrence of a Guarantor Event of Default and subject to any applicable grace periods, by serving a Guarantor Default Notice on the Guarantor.

Following the service of an Issuer Default Notice by the Representative of the Covered Bondholders, payment of the Guaranteed Amounts shall be made by the Guarantor on the dates scheduled and for the amounts determined in accordance with the Guarantee Priority of Payments.

Under the Covered Bond Guarantee, the parties have agreed that, should a resolution pursuant to article 74 of the Consolidated Banking Act be issued in respect of the Issuer, although such event constitutes an Issuer Event of Default, the consequences thereof will only apply during the Suspension Period. Following an Article 74 Event:

- (i) the Representative of the Covered Bondholders will serve an Issuer Default Notice on the Issuer and the Guarantor, specifying that an Article 74 Event has occurred and that such event may be temporary; and
- (ii) in accordance with Decree 310, the Guarantor shall be responsible for the payments of the amounts due and payable under the Covered Bonds within the Suspension Period at their relevant due date provided that it shall be entitled to claim any such amounts from the Issuer.

The Suspension Period shall end upon delivery by the Representative of the Covered Bondholders to the Issuer, the Guarantor and the Asset Monitor of an Article 74 Event Cure Notice, informing such parties that the Article 74 Event has been revoked.

Upon the termination of the Suspension Period the Issuer shall again be responsible for meeting the payment obligations under the Covered Bonds.

Under the Covered Bond Guarantee, the parties thereto have also agreed that, upon enforcement of the Covered Bond Guarantee, the Guarantor shall be entitled to request from the Issuer - also prior to any payments are effected by the Guarantor under the Covered Bond Guarantee - an amount up to the Guaranteed Amounts, in order to secure the Issuer obligations to the subrogation right of the Guarantor. Any sum so received or recovered from the Issuer will be used to make payments in accordance with the Covered Bond Guarantee. The parties have also agreed that the Guarantor shall no longer be entitled request to the Issuer payment of such amounts if a Guarantor Default Notice is delivered by the Representative of the Covered Bondholders or the Covered Bonds have been otherwise accelerated pursuant to the Conditions.

The service of a Guarantor Default Notice by the Representative of the Covered Bondholders will result in the acceleration of the right of the Covered Bondholders of each Series of Covered Bonds issued to receive payment of the Guaranteed Amounts and the Representative of the Covered Bondholders will demand the immediate payment by the Guarantor of all Guaranteed Amounts. Payments made by the Guarantor following the service of a Guarantor Event of Default shall be made *pari passu* and on a *pro-rata* basis to the Covered Bondholders of all outstanding Series of Covered Bonds, in accordance with the Post-Enforcement Priority of Payments.

Pursuant to the terms of the Covered Bond Guarantee, the recourse of the Covered Bondholders and the Other Issuer Creditors to the Guarantor under the Covered Bond Guarantee will be limited to the Guarantor Available Funds.

Furthermore, under the Covered Bond Guarantee, the parties have agreed that as of the date of administrative liquidation (*liquidazione coatta amministrativa*) of the Issuer or following the delivery of an Issuer Default Notice to the Issuer and the Guarantor, the Guarantor (or the Representative of the Covered Bondholders pursuant to the Intercreditor Agreement) shall exercise, on an exclusive basis and in compliance with the provisions of article 4 of the Decree 310, the rights of the Covered Bondholders against the Issuer and any amount recovered from the Issuer will be part of the Guarantor Available Funds.

To the extent that the Guarantor makes, or there is made on its behalf, a payment of any amount under the Covered Bond Guarantee, the Guarantor will be fully and automatically subrogated to the Covered Bondholders' and Other Issuer Creditors' rights against the Issuer pursuant to article 2900 *et seq.* of the Italian Civil Code.

Governing law

The Covered Bond Guarantee is governed by Italian law.

Subordinated Loan Agreements

On or about the date of the relevant Master Loans Purchase Agreement, each Seller and the Guarantor entered, or will enter, into a Subordinated Loan Agreement pursuant to article 7-bis of the Securitisation and Covered Bond Law under which each Seller granted or will grant to the Guarantor a term loan facility in an aggregate amount equal to the relevant Total Commitment, for the purposes of funding the purchase by the Guarantor of (i) Eligible Assets from the relevant Seller pursuant to the terms of the relevant Master Loans Purchase Agreement and (ii) Eligible Asset and/or Top-Up Assets from the relevant Seller pursuant to the terms of the Cover Pool Management Agreement.

Pursuant to the relevant Subordinated Loan Agreement, each Subordinated Lender has acknowledges its undertaking under the Cover Pool Management Agreement to advance to make further transfers of Eligible Assets and Top-Up Assets to the Guarantor and to make available to the Guarantor further term loans in order to fund the purchase of such assets as well as to fund any settlement amounts of the purchase price of the Initial Portfolio or any New Portfolio which may be due by the Guarantor under the relevant Master Loans Purchase Agreement.

The obligation of each Seller (in its capacity as Subordinated Lender) to advance a Term Loan to the Guarantor under the relevant Subordinated Loan Agreement will be off-set against the obligation of the Guarantor to pay to the relevant Seller the purchase price for the Eligible Assets and Top-Up Assets funded by means of the relevant Term Loan.

The rate of interest applicable in respect of each Term Loan for each Loan Interest Period shall be an amount of interest equal to 0.001% per annum (the "Base Interest"). On each Guarantor Payment Date and subject to the relevant Subordinated Lender having paid to the Guarantor any shortfall amount pursuant to clause 5.4 of the relevant Subordinated Loan Agreement, the Guarantor will pay to the Subordinated Lender, in addition to the Base Interest, the amount of the Premium, if any, payable to such Subordinated Lender on the relevant Guarantor Payment Date in accordance with the applicable Priority of Payments and the terms of the relevant Subordinated Loan Agreement.

Interest and Premium, if any, payable in respect of a Term Loan shall be payable on each Guarantor Payment Date following the Drawdown Date of that Term Loan, subject to the relevant Priority of Payments.

Each Term Loan shall be repaid on each Guarantor Payment Date prior to the delivery of an Issuer Default Notice according to the Pre-Issuer Event of Default Principal Priority of Payments and within the limits of the then Guarantor Available Funds, *provided that* such repayment does not result in a breach of any of the Tests or the Relevant Portfolio Test.

Following the service of an Issuer Default Notice, the Term Loans shall be repaid within the limits of the Guarantor Available Funds subject to the repayment in full (or, prior to the service of a Guarantor Default Notice, the accumulation of funds sufficient for the purpose of such repayment) of all Covered Bonds.

Governing law

Each Subordinated Loan Agreement is governed by Italian law.

Master Loans Purchase Agreements

Pursuant to the Master Loans Purchase Agreements entered into between each Seller and the Guarantor, each Seller will assign and transfer to the Guarantor, and the Guarantor will purchase, without recourse (*pro soluto*) from the relevant Seller, an Initial Portfolio and New Portfolios of Eligible Assets and Top-Up Assets that shall form part of the Cover Pool, in accordance with articles 4 and 7-bis of the Securitisation and Covered Bond Law and article 2 of Decree 310.

Under each Master Loans Purchase Agreement, upon satisfaction of certain conditions set out therein, the relevant Seller (i) may or shall, as the case may be, assign and transfer, without recourse (*pro soluto*), to the Guarantor and the Guarantor shall purchase, without recourse (*pro soluto*) from the relevant Seller, New Portfolios which shall form part of the Cover Pool held by the Guarantor, if such transfer is required under the terms of the Cover Pool Management Agreement in order to ensure the compliance of the Cover Pool with the Tests or with the 15 per cent threshold limit with respect to Top-Up Assets provided for by Decree 310 and the Bank of Italy Regulations; and (ii) may transfer New Portfolios to the Guarantor, and the Guarantor shall purchase from each Seller such New Portfolios, in order to supplement the Cover Pool in connection with the issuance of further Series of Covered Bonds under the Programme in accordance with the Programme Agreement.

In addition to (i) and (ii) above, under the terms and subject to the conditions of the Master Loans Purchase Agreement, prior to the delivery to the Issuer and the Guarantor of an Issuer Default Notice, each Seller may transfer New Portfolios to the Guarantor, which will fund the purchase price thereof through the principal collections then standing to the credit of the relevant Luxembourg Principal Collection Account.

The Purchase Price payable for the Initial Portfolio has been determined pursuant to each Master Loans Purchase Agreement. Under each Master Loans Purchase Agreement the relevant parties thereto have acknowledged that the Purchase Price for the Initial Portfolio shall be funded through the proceeds of the first Term Loan under the relevant Subordinated Loan Agreement. The Purchase Price for each New Portfolio will be equal to the aggregate amount of the Individual Purchase Price of all Receivables comprised in such New Portfolio as at the relevant Transfer Date.

The parties to each Master Loans Purchase Agreement have agreed that, within 31 December of the year in which the transfer of any Portfolio is carried out, the Seller may rectify the Purchase Price of the relevant Portfolio for the purpose of taking into account any supervened circumstances, a change in the generally accepted interpretation of Article 7-bis, sub-paragraph 7 of the Securitisation and Covered Bond Law or different evaluation made by the Seller in relation to the calculation of such Purchase Price. To this purpose the Seller has undertaken to notify the Guarantor with the rectified amount of the Purchase Price of the relevant Portfolio and to deliver to the Guarantor a substitute list of Mortgage Loans updated to the extent necessary for the purpose of adjusting the information contained therein in relation to the different evaluations utilised by the Seller in order to determine the rectified amount of the Purchase Price of such Portfolio. In case the Seller will opt for the above rectification option, the necessary settlements will be made by increasing or reducing, as the case may be, the amounts already paid as Purchase Price and the relevant Term Loan made available by the Seller pursuant to the Subordinated Loan Agreement, provided that in case such settlements give rise to the Guarantor obligation to pay an amount in excess of the relevant Portfolio Purchase Price, such further amount will be financed through the proceeds of an appropriate Term Loan to be made available by the relevant Seller as Subordinated Lender pursuant to the relevant Subordinated Loan Agreement and the Guarantor's payment obligations for such further amount will be off-set with the Seller's obligations to fund the relevant Term Loan.

In case the Purchase Price is paid with the principal collections then standing to the credit of the relevant Luxembourg Principal Collection Account and, upon the settlement procedure set out above, the Guarantor is required to pay amounts to the Seller in excess of the Purchase Price already paid, such

amounts will be deducted from the amounts due to the relevant Seller as repayment of the outstanding Term Loans and, to the extent no such amounts are available, through the proceeds of an appropriate Term Loan to be made available by the relevant Seller as Subordinated Lender pursuant to the relevant Subordinated Loan Agreement.

Each initial Seller has sold to the Guarantor, and the Guarantor has purchased from such Seller, the Receivables comprised in the Initial Portfolio, which meet the Common Criteria and the relevant Specific Criteria (both as described in detail in the section headed "Description of the Cover Pool"). Receivables comprised in any New Portfolio to be transferred under the relevant Master Loans Purchase Agreement shall meet, in addition to the Common Criteria, the relevant Specific Criteria and/or any Further Criteria.

Pursuant to each Master Loans Purchase Agreement, prior to the occurrence of an Issuer Event of Default, the relevant Seller will have the right to repurchase individual Receivables (including Defaulted Receivables) transferred to the Guarantor under the Master Loans Purchase Agreement.

After the service of an Issuer Default Notice, the Guarantor will, prior to disposing of the Eligible Assets or Top-Up Assets pursuant to the terms of the Cover Pool Management Agreement, offer to sell the Eligible Assets to the relevant Seller at a price equal to the minimum purchase price of the relevant Eligible Assets as determined pursuant to the Cover Pool Management Agreement. If the Guarantor should subsequently propose to transfer such assets for a price lower than the minimum purchase price as determined pursuant to the Cover Pool Management Agreement, it shall again offer such assets to the relevant Seller on the same terms and conditions offered by such third parties before entering into a transfer agreement with the latter.

The transfer of the Initial Portfolio was made in accordance with article 58, subsections 2, 3 and 4 of the Consolidated Banking Act (as provided by article 4 of the Securitisation and Covered Bond Law). Notice of the transfer was published in the *Gazzetta Ufficiale della Repubblica Italiana*, Parte Seconda, number 77 of 1 July 2008, as rectified with publications on number 83 of 15 July 2008 and number 85 of 19 July 2008, and filed for publication in the companies register of Milan on 14 July 2008 and 21 July 2008.

Cover Pool Management Agreement

On 30 July 2008, the Issuer, the Guarantor, the Asset Monitor, the Calculation Agent, the Sellers and the Representative of the Covered Bondholders entered into the Cover Pool Management Agreement pursuant to which they have agreed certain terms regulating, *inter alia*, the performance of the Tests with respect to the Cover Pool and the purchase and sale by the Guarantor of assets included in the Cover Pool.

Under the Cover Pool Management Agreement, starting from the Issue Date of the first Series of Covered Bonds and until the date on which all Series of Covered Bonds issued in the context of the Programme have been cancelled or redeemed in full in accordance with their Final Terms, each Seller (and failing the Seller to do so, the Issuer and, failing the Issuer, the other Seller(s)) has undertaken to procure that on any Calculation Date each of the Statutory Tests is met with respect to the Cover Pool. In addition, on each Calculation Date following the occurrence of an Issuer Event of Default and service of an Issuer Default Notice (but prior to service of a Guarantor Default Notice) the Calculation Agent shall verify that the Amortisation Test is met with respect to the Cover Pool.

The Calculation Agent has agreed to prepare and deliver to Issuer, the Sellers, the Guarantor, the Representative of the Covered Bondholders and the Asset Monitor a report setting out the calculations carried out by it with respect of the Statutory Tests and the Amortisation Test (the "Test Performance Report"). Such Test Performance Report shall specify the occurrence of a breach of the Statutory Tests and/or of the Amortisation Test and the Portfolio with respect to which a shortfall has occurred, identified on the basis of the Seller (or Sellers) which transferred it to the Guarantor (each, a "Relevant Seller").

If the Calculation Agent notifies the breach of any Test during the Test Grace Period, the Guarantor will purchase Eligible Assets and/or Top-Up Assets, to be transferred by (a) the Relevant Seller(s); and/or (b) upon the occurrence of the circumstances set out below, the Issuer; and/or (c) upon the occurrence of the circumstances set out below, the other Sellers, in an aggregate amount sufficient to ensure, also taking into account the information provided by the Calculation Agent in the Test Performance Report notifying the relevant breach, that as of the Calculation Date falling at the end of the Test Grace Period, all Tests are satisfied with respect to the Cover Pool.

Each Seller has undertaken, to the extent it is identified as a Relevant Seller, to promptly deliver a written notice to the Guarantor, the Issuer and the other Seller(s) informing them of any circumstance which may prevent it from complying (in part or in full) with its obligation to transfer the required amount of Eligible Assets and/or Top-Up Assets to the Guarantor (the "Relevant Seller Notice"). To the extent that the Relevant Seller deems that the circumstances above will only prevent it from transferring to the Guarantor a part of the Eligible Assets and/or Top-Up Assets required, for the purpose of allowing the Issuer or, as appropriate, the other Seller(s) to determine the amount of Eligible Assets and Top-Up Assets to be transferred to remedy the breach of Tests, the Relevant Seller Notice shall specify the amount of Eligible Assets and Top-Up Assets that the Relevant Seller will not be able to transfer.

To the extent that, within 20 calendar days from the Calculation Date in which the breach of the Tests has occurred, the Issuer has received a Relevant Seller Notice from the Relevant Seller(s) or the Guarantor has not received an offer by the Relevant Seller in accordance with the relevant Master Loans Purchase Agreement in respect of such Eligible Assets and/or Top-Up Assets to be transferred to remedy the Tests, the Issuer has undertaken to (a) transfer to the Guarantor Eligible Assets and/or Top-Up Assets, in the aggregate amount sufficient to ensure that, as of the Calculation Date falling at the end of the Test Grace Period, all Tests are satisfied with respect to the Cover Pool and (b) accordingly to promptly deliver a written notice, substantially in the form of the Relevant Seller Notice, to the Guarantor and the other Seller(s) informing them of any circumstance which may prevent it from complying (in part or in full) with its obligation to transfer the required amount of Eligible Assets and/or Top-Up Assets to the Guarantor.

To the extent that, within 25 calendar days from the Calculation Date in which the breach of the Tests has occurred, (a) the Issuer has received a Relevant Seller Notice from the Relevant Seller(s); or (b) the Guarantor has not received an offer by the Relevant Seller in accordance with the relevant Master Loans Purchase Agreement in respect of such Eligible Assets and/or Top-Up Assets; and (i) the other Seller(s) have received a notice substantially in the form of a Relevant Seller Notice from the Issuer; or (ii) the Guarantor has not received a contractual proposal by the Issuer in respect of such Eligible Assets and/or Top-Up Assets, the other Seller(s), jointly and severally, have undertaken to transfer to the Guarantor Eligible Assets and/or Top-Up Assets, in the aggregate amount sufficient to ensure that, as of the Calculation Date falling at the end of the Test Grace Period, all Tests are satisfied with respect to the Cover Pool.

The parties to the Cover Pool Management Agreement have acknowledged that the aggregate amount of Top-Up Assets included in the Cover Pool following such purchases may not be in excess of 15% of the aggregate outstanding principal amount of the Cover Pool.

For the purpose of allowing the Guarantor to fund the purchases referred to above:

- (a) each Relevant Seller, in its capacity as Subordinated Lender, has undertaken to advance to the Guarantor a Term Loan in accordance with the relevant Subordinated Loan Agreement in an amount equal to the purchase price to be paid by the Guarantor for the Eligible Assets and/or Top-Up Assets to be transferred by such Relevant Seller, also acknowledging that the Total Commitment set out from time to time under the relevant Subordinated Loan Agreement shall not be a limitation with respect to the Relevant Seller's obligation to advance the Term Loans to the Guarantor in order to fund the purchase price for the relevant Eligible Assets and Top-Up Assets;
- (b) the Issuer has undertaken to advance a subordinated loan to the Guarantor on substantially the same terms as provided for under the Subordinated Loan Agreements in an amount equal to the purchase price to be paid by the Guarantor for the Eligible Assets and/or Top-Up Assets to be transferred by the Issuer; and
- (c) each other Seller, in its capacity as Subordinated Lender, has undertaken to advance to the Guarantor a Term Loan in accordance with the relevant Subordinated Loan Agreement in an amount equal to the purchase price to be paid by the Guarantor for the Eligible Assets and/or Top-Up Assets to be transferred by such other Seller

The Guarantor will not be allowed under the Cover Pool Management Agreement to purchase Eligible Assets and/or Top-Up Assets from any other entities that are not part of the UBI Banca Group.

If, within the Test Grace Period, the relevant breach of the Tests is not remedied in accordance with the terms of the Cover Pool Management Agreement, the Representative of the Covered Bondholders will deliver:

- 1. an Issuer Default Notice to the Issuer and the Guarantor; or
- a Guarantor Default Notice, if an Issuer Default Notice has already been served (provided that, should such Issuer Default Notice consist of an Article 74 Event, it has not served an Article 74 Event Cure Notice).

Upon receipt of an Issuer Default Notice or a Guarantor Default Notice, the Guarantor shall dispose of the assets included in the Cover Pool.

After the service of an Issuer Default Notice on the Issuer and the Guarantor, but prior to service of a Guarantor Default Notice, the Guarantor will sell, refinance or otherwise liquidate the Eligible Assets and Top-Up Assets included in the Cover Pool, subject to the rights of pre-emption in favour of the Sellers to buy such Eligible Assets and, if applicable, Top-Up Assets pursuant to the relevant Master Loans Purchase Agreements, provided that, in case the Issuer Event of Default consists of an Article 74 Event, such provisions will only apply for as long as the Representative of the Covered Bondholders will have delivered an Article 74 Event Cure Notice.

The Eligible Assets to be sold or liquidated will be selected from the Cover Pool by the Master Servicer on behalf of the Guarantor (any such Eligible Assets, together with any relevant Top-Up Assets, the "Selected Assets") and the proceeds from any sale of Selected Assets shall be credited to the Reserve Fund Account and applied as part of the Guarantor Available Funds in accordance with the applicable Priority of Payments. The Selected Assets shall be selected on a random basis and so to ensure that the ratio between the aggregate Outstanding Principal Balance of the Cover Pool and the Outstanding Principal Amount of all Series of Covered Bonds remains unaltered both prior to and following the sale or liquidation of the relevant Selected Assets and repayment of the Earliest Maturing Covered Bonds.

Before offering Selected Assets for sale or liquidating them, the Guarantor shall ensure that the Selected Assets have an aggregate Outstanding Principal Balance in an amount which is as close as possible to:

- the Outstanding Principal Amount in respect of the Earliest Maturing Covered Bonds, multiplied by 1+ Negative Carry Factor x (days to maturity of the relevant Series of Covered Bonds/365);
- 2. amounts standing to the credit of the Luxembourg Principal Collection Accounts; minus
- 3. the principal amount of any Top-Up Assets consisting of deposits,

excluding, with respect to items 1 and 2 above, all amounts to be applied on the next following Guarantor Payment Date to repay higher ranking amounts in the applicable Priority of Payments (the "**Required Outstanding Principal Balance**").

The Guarantor will offer the Selected Assets for sale or liquidate them for the best price or proceeds reasonably available but in any event for an amount not less than the Required Outstanding Principal Balance (the "Required Outstanding Principal Balance Amount").

If the Selected Assets have not been sold or otherwise liquidated in an amount equal to the Required Outstanding Principal Balance Amount by the date which is six months prior to, as applicable, the Maturity Date (if the relevant Series of Covered Bonds is not subject to an Extended Maturity Date) or the Extended Maturity Date (if the relevant Series of Covered Bonds is subject to an Extended Maturity Date) of the Earliest Maturing Covered Bonds, and the Guarantor does not have sufficient other funds standing to the credit of the Accounts available to repay the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto), then the Guarantor will offer the Selected Assets for sale or liquidate them for the best price reasonably available notwithstanding that such amount may be less than the Required Outstanding Principal Balance Amount.

With respect to any sale or liquidation to be carried out, the Guarantor shall instruct the Portfolio Manager (as defined below) — to the extent possible taking into account the time left before the Maturity Date or Extended Maturity Date (if applicable) of the Earliest Maturing Covered Bonds — to sell or liquidate any Top-Up Assets included in the Cover Pool before any Eligible Assets are sold in accordance herewith.

The Guarantor may offer for sale or otherwise liquidate part of any portfolio of Selected Assets (a "Partial Portfolio"). Except in certain circumstances described in the Cover Pool Management Agreement, the sale price or liquidation proceeds of the Partial Portfolio (as a proportion of the Required Outstanding Principal Balance Amount) shall be at least equal to the proportion that the Partial Portfolio bears to the relevant portfolio of Selected Assets.

Upon the occurrence of an Issuer Event of Default, the Guarantor will through a tender process (to be carried out by the Guarantor Corporate Servicer on behalf of the Guarantor) appoint a portfolio manager (the "**Portfolio Manager**") of recognised standing on a basis intended to incentivise the Portfolio Manager to achieve the best proceeds for the sale or liquidation of the Selected Assets (if such terms are

commercially available in the market) and to advise it in relation to the sale to purchasers (except where a Seller is buying the Selected Assets in accordance with its right of pre-emption under the Master Loans Purchase Agreement) or liquidation of the Selected Assets. The terms of the agreement giving effect to the appointment in accordance with such tender, as well as the terms and conditions of the sale of the Selected Assets, shall be approved by the Representative of the Covered Bondholders (which may, but will never be obliged to, seek instructions from the Covered Bondholders to this end, in accordance with the Transaction Documents and the Rules of the Organisation of the Covered Bondholders).

Following the delivery of an Issuer Default Notice consisting of an Article 74 Event, the obligation of the Guarantor to sell or liquidate Selected Assets, as described above, shall cease to apply starting from the date on which the Representative of the Covered Bondholders delivers to the Issuer, the Sellers, the Guarantor and the Asset Monitor an Article 74 Event Cure Notice in accordance with the provisions of the Covered Bond Guarantee.

Following the delivery by the Representative of the Covered Bondholders of a Guarantor Default Notice, the Guarantor shall immediately sell or liquidate all assets included in the Cover Pool in accordance with the procedures described above and the proceeds thereof will be applied as Guarantor Available Funds, provided that the Guarantor (or, in the absence, the Representative of the Covered Bondholders) will instruct the Portfolio Manager to use all reasonable endeavours to procure that such sale or liquidation is carried out as quickly as reasonably practicable taking into account the market conditions at that time.

Governing law

The Cover Pool Management Agreement is governed by Italian law.

The Swap Agreements

Liability Swap Agreements

The Guarantor and the Issuer will enter into one or more Liability Swap Agreements on each Issue Date with the Liability Swap Providers to hedge certain interest rate, currency and other risks in respect of, prior to the service of an Issuer Default Notice, amounts payable by the Issuer in respect of the Series of Covered Bonds issued on that Issue Date and, after the service of an Issuer Default Notice, amounts payable by the Guarantor in respect of such Series of Covered Bonds. The notional amount of the Liability Swap Agreements entered into on each Issue Date shall be the Outstanding Principal Amount of the relevant Series of Covered Bonds.

Under the Liability Swap Agreements on each monthly Floating Rate Payer Payment Date, the Issuer, or as the case may be, the Guarantor will pay to the Liability Swap Provider an amount linked to one month EURIBOR plus a margin. In return the Liability Swap Providers will pay to the Issuer or the Guarantor on each Interest Payment Date in respect of the relevant Series of Covered Bonds the notional amount multiplied by a rate linked to the interest rate applicable to the relevant Series of Covered Bonds.

Each Liability Swap Agreement is scheduled to terminate on the date corresponding to the Maturity Date of the Covered Bonds of the relevant Series without taking account of any extension of the Maturity Date under the terms of such Covered Bonds.

On each relevant Issue Date the Issuer and the Guarantor will each enter into a separate Liability Swap with the relevant Liability Swap Provider on the basis that on the service of an Issuer Default Notice the Liability Swap between the Issuer and the Liability Swap Provider terminates and the payments under the Liability Swap between the Guarantor and the relevant Liability Swap Provider begin.

Asset Swap Agreements

Some of the Mortgage Loans in the portfolio purchased by the Guarantor from each Seller from time to time will pay a variable rate of interest and other Mortgage Loans will pay a fixed rate of interest. The Guarantor will enter into an Asset Swap Agreement with each Seller in its capacity as Asset Swap Provider to ensure that it has sufficient funds to meet its monthly payment obligations and hedge variations between the rate of interest payable on Mortgage Loans in the portfolio purchased from that Asset Swap Provider as Seller and EURIBOR.

The notional amount of each Asset Swap Agreement shall be the Weighted Average Balance of the Mortgage Loans in the portfolio purchased by the Guarantor from the relevant Asset Swap Provider during each calculation period. The Guarantor shall pay to the Asset Swap Provider on monthly payment dates the interest proceeds it has received on the portfolio (both fixed and floating) as specified in the Monthly Master Servicers' Report most recently delivered and will receive on such monthly payment dates one month EURIBOR plus a margin.

Any Asset Swap Provider that does not have the adequate rating shall have its obligations to the Guarantor under the Asset Swap Agreement to which it is party guaranteed by the Issuer.

Rating Downgrade Event

Under the terms of each Swap Agreement, in the event that the rating(s) of the Swap Provider are downgraded by a Rating Agency below the rating(s) specified in the relevant Swap Agreement (in accordance with the criteria of the Rating Agencies) for that Swap Provider, then that Swap Provider will, in accordance with the relevant Swap Agreement, be required to take certain remedial measures which may include:

- (a) providing collateral for its obligations under the Swap Agreement, or
- (b) arranging for its obligations under the relevant Swap Agreement to be transferred to an entity with the ratings required by the relevant Rating Agency in order to maintain the rating of the Covered Bonds, or
- (c) procuring another entity, with the ratings meeting the relevant Rating Agency's criteria in order to maintain the rating of the Covered Bonds, to become co-obligor or guarantor in respect of the Swap Providers obligations under the Swap Agreement, or
- (d) taking such other action provided that the Rating Agencies confirm that it will not adversely affect the ratings of the then outstanding Series of Covered Bonds.

A failure by the relevant Swap Provider to take such steps within the time periods specified in the Swap Agreement will allow the Issuer, or as the case may be, the Guarantor to terminate the relevant Swap Agreement(s).

Additional Termination Events

A Swap Agreement may also be terminated early in certain other circumstances, including:

- (a) at the option of either party to the Swap Agreement, if there is a failure by the other party to pay any amounts due under such Swap Agreement, provided that this additional termination event will not apply if the failure to pay any amounts due under such Swap Agreement is due to the nonavailability of Guarantor Available Funds;
- (b) upon the occurrence of an insolvency of either party to the Swap Agreement, or its credit support provider (if any), or the merger of one of the parties without an assumption of the obligations under the relevant Swap Agreement;
- there is a change of law or change in application of any relevant law which results in the Issuer, the Guarantor or the Swap Provider (or both) being obliged to make a withholding or deduction on account of a tax on a payment to be made by such party to the other party under the Swap Agreement and the Swap Provider thereby being required under the terms of the Swap Agreement to gross up payments made to the Issuer or the Guarantor, or to receive net payments from the Guarantor (which is not required under the terms of the Swap Agreement to gross up payments made to the Swap Provider); and
- (d) there is a change in law which results in the illegality of the obligations to be performed by either party under the Swap Agreements.

The following also constitute additional termination events with respect to the Issuer and the Guarantor:

- amendment to the Transaction Documents without consent of the Swap Provider when the amendment is materially adverse to the Swap Provider;
- (ii) in respect of any Liability Swaps, redemption and prepayment of any relevant Series of Covered Bonds;
- (iii) in respect of any Liability Swap, purchase and cancellation of any relevant Series of Covered Bonds:
- (iv) in respect of any Asset Swaps, sale of any of the Mortgage Loans.

Upon the termination of a Swap Agreement, the Issuer, the Guarantor or the Swap Provider may be liable to make a termination payment to the other party in accordance with the provisions of the relevant Swap Agreement. The amount of this termination payment will be calculated and made in Euro.

Swap Agreement Credit Support Document

The Issuer and the Guarantor, in the case of the Liability Swap Agreements to which each is a party, and the Guarantor in the case of each Asset Swap Agreement to which it is a party and each Swap Provider will also enter into a credit support document in the form of the ISDA 1995 Credit Support Annex (Transfer-English Law) to the ISDA Master Agreement (each, a "Swap Agreement Credit Support Document"). The Swap Agreement Credit Support Document will provide that, from time to time, if required to do so following its downgrade and subject to the conditions specified in the Swap Agreement Credit Support Document, the Swap Provider will make transfers of collateral to the Issuer or as the case may require, the Guarantor in support of its obligations under the Swap Agreement (the "Swap Collateral") and the Guarantor or, as the case may be, the Issuer will be obliged to return equivalent collateral in accordance with the terms of the Swap Agreement Credit Support Document. Each Swap Agreement Credit Support Document will be governed by English Law.

Swap Collateral required to be posted by the Swap Provider pursuant to the terms of the Swap Agreement Credit Support Document may be delivered in the form of cash or securities. Cash amounts will be paid into an account designated a "Swap Collateral Cash Account" and securities will be transferred to an account designated a "Swap Collateral Custody Account". References to a Swap Collateral Cash Account or to a Swap Collateral Custody Account and to payments from such accounts are deemed to be a reference to payments from such accounts as and when opened by the Issuer or Guarantor.

If a Swap Collateral Cash Account and/or a Swap Collateral Custody Account are opened, cash and securities (and all income in respect thereof) transferred as collateral will only be available to be applied in returning collateral (and income thereon) or in satisfaction of amounts owing by the Swap Provider in accordance with the terms of the Swap Agreement Credit Support Document.

Any Swap Collateral Excluded Amounts will be paid to the relevant Swap Provider directly and not under the Priorities of Payments.

Withholding Tax

The Swap Provider will be obliged to make payments pursuant to the terms of the Swap Agreement without any withholding or deductions of taxes unless required by law. If any such withholding or deduction is required by law, the Swap Provider will, subject to certain conditions, be required to pay such additional amount as is necessary to ensure that the net amount actually received by the Guarantor or the Issuer will equal the full amount the Guarantor or the Issuer would have received had no such withholding or deduction been required. The Guarantor and the Issuer are similarly obliged to make to make payments pursuant to the terms of the Swap Agreement without any withholding or deductions of taxes unless required by law. However, if any such withholding or deduction is required by law, the Guarantor will not be required to pay such additional amount as is necessary to ensure that the net amount actually received by the Swap Provider will equal the full amount the Swap Provider would have received had no such withholding or deduction been required.

Transfer of Obligations

A Swap Provider may, at its own discretion and at its own expense, novate its rights and obligations under a Swap Agreement to any third party with the appropriate ratings, provided that, among other

things, when the transferee is in a different jurisdiction from the transferor, the Rating Agencies confirm that such transfer to a third party Swap Provider will not adversely affect the ratings of any then outstanding relevant Series of Covered Bonds and such third party Swap Provider agrees to be bound by, *inter alia*, the terms of the security to which the relevant Swap Agreement is subject, on substantially the same terms as the Swap Provider.

Governing law

The Swap Agreements are governed by English Law.

Mandate Agreement

On 30 July 2008, the Guarantor and the Representative of the Covered Bondholders entered into a mandate agreement (the "Mandate Agreement"), pursuant to which the Representative of the Covered Bondholders shall be authorised, subject to a Guarantor Default Notice being delivered to the Guarantor or upon failure by the Guarantor to exercise its rights under the Transaction Documents and, subject to certain conditions, to exercise, in the name and on behalf of the Guarantor, in the interest of the Covered Bondholders and for the benefit of the Other Creditors all the Guarantor's right with reference to certain Transaction Documents.

Governing law

The Mandate Agreement is governed by Italian law.

Deeds of Pledge

Deed of Pledge

On 30 July 2008, the Guarantor and the Representative of the Covered Bondholders entered into the Deed of Pledge under which, without prejudice and in addition to any security, guarantee and other right provided by the Securitisation and Covered Bond Law and the Deed of Charge securing the discharge of the Guarantor's obligations to the Covered Bondholders and the Other Creditors, the Guarantor has pledged in favour of the Covered Bondholders and the Other Creditors all monetary claims and rights and all the amount arising (including payment for claims, indemnities, damages, penalties, credits and guarantees) to which the Guarantor is or will be entitled to from time to time pursuant to certain Transaction Documents, with the exclusion of the Cover Pool and the Collections. The security created pursuant to the Deed of Pledge will become enforceable upon the service of a Guarantor Default Notice.

Issuer Deed of Pledge

On or about the Issue Date of the first Tranche of Covered Bonds issued under the Programme, the Issuer and the Guarantor will enter into the Issuer Deed of Pledge under which the Issuer has pledged in favour of the Guarantor all current and future monetary claims and rights (including payment for claims, indemnities, damages, penalties, credits and guarantees) to which the Issuer is or will be entitled to from time to time pursuant to certain intercompany loan agreements entered into by itself as intercompany lender and each Seller which is or may from time to time become an intercompany borrower under such intercompany loan agreement. The security created pursuant to the Issuer Deed of Pledge is intended to secure all amounts that are or shall be due to the Guarantor by the Issuer, as a consequence of the enforcement of the Covered Bond Guarantee by way of *regresso* or *surrogazione* in accordance with article 1950 of the Italian Civil Code and will become enforceable upon the relevant secured obligations becoming due and payable as a consequence of the (i) delivery of an Issuer Default Notice on the Issuer and the Guarantor; (ii) enforcement of the Covered Bond Guarantee and (iii) payment by the Guarantor of any or all the Guaranteed Amounts to the Covered Bondholders and/or the Other Issuer Creditors .

Governing law

The Deed of Pledge and the Issuer Deed of Pledge are governed by Italian law.

Luxembourg Deed of Pledge

On 30 July 2008, the Guarantor and the Representative of the Covered Bondholders entered into the Luxembourg Deed of Pledge under which the Guarantor has pledged in favour of the Covered

Bondholders and the Other Creditors any claim standing to the credit balance of the Luxembourg Accounts as well as any other claim the Guarantor may have against the Luxembourg Account Bank in relation to the Luxembourg Accounts regardless of the nature thereof and including, for the avoidance of doubt, any pecuniary claim for the payment of the relevant credit balance as well as any other pecuniary claim, regardless of the nature thereof in relation to the Luxembourg Accounts, including, for the avoidance of doubt, any pecuniary claim for the payment of the interests paid into the Accounts. The security created pursuant to the Luxembourg Deed of Pledge will become enforceable upon the service of a Guarantor Default Notice.

Governing law

The Luxembourg Deed of Pledge is governed by Luxembourg law.

Deed of Charge

On or about the date of the first issue of the Covered Bonds in respect of which the Swap Provider is a non-Italian entity, the Guarantor will enter into the Deed of Charge with the Representative of the Covered Bondholders pursuant to which, without prejudice and in addition to any security, guarantees and other rights provided by the Securitisation and Covered Bond Law and the Deeds of Pledge securing the discharge of the Guarantor's obligations to the Covered Bondholders and the Other Creditors, the Guarantor will assign in favour of the Representative of the Covered Bondholders as trustee for the Covered Bondholders and the Other Creditors all of its right, title, benefit and interest under the Swap Agreements as at that date and agree to create security over other swap agreements (excluding those entered into by Italian counterparties which will be subject to the Deed of Pledge) entered into by it from time to time thereafter.

Governing law

The Deed of Charge is governed by English law.

Corporate Services Agreement

The Guarantor Corporate Servicer and the Guarantor have entered into a corporate services agreement with the Guarantor Corporate Servicer on 30 July 2008 (the "Corporate Services Agreement"), pursuant to which the Guarantor Corporate Servicer has agreed to provide certain corporate and administrative services to the Guarantor.

Governing law

The Corporate Services Agreement is governed by Italian law.

Quotaholders' Agreement

For a description of the Quotaholders' Agreement, see "The Guarantor".

CREDIT STRUCTURE

The Covered Bonds will be direct, unsecured, unconditional obligations of the Issuer. The Guarantor has no obligation to pay the Guaranteed Amounts under the Covered Bond Guarantee until the occurrence of an Issuer Event of Default, service by the Representative of the Covered Bondholders of an Issuer Default Notice on the Issuer and on the Guarantor or, if earlier, following the occurrence of a Guarantor Event of an Issuer Default Notice, service by the Representative of the Covered Bondholders of a Guarantor Default Notice on the Guarantor.

There are a number of features of the Programme which enhance the likelihood of timely and, as applicable, ultimate payments to Covered Bondholders, as follows:

- the Covered Bond Guarantee provides credit support;
- the Statutory Tests are periodically performed with the intention of ensuring that the Cover Pool is at all times sufficient to repay the Covered Bonds;
- the Amortisation Test is periodically performed, following the occurrence of an Issuer Event of Default and service of an Issuer Default Notice on the Issuer and the Guarantor, for the purpose of testing the asset coverage of the Guarantor's assets in respect of the Covered Bonds; and
- a Reserve Fund Account will be established which will build up over time using excess cash flow
 from Interest Available Funds and Principal Available Funds, in order to ensure that the
 Guarantor will have sufficient funds set aside to fulfil its obligation to pay interest accruing with
 respect to the Covered Bonds.

Certain of these factors are considered more fully in the remainder of this section.

Guarantee

The Covered Bond Guarantee provided by the Guarantor guarantees payment of Guaranteed Amounts when they become due for payment in respect of all Covered Bonds issued under the Programme.

See "Summary of the Transaction Documents — Covered Bond Guarantee" above, as regards the terms of the Covered Bond Guarantee. See "Cashflows — Guarantee Priority of Payments" further, as regards the payment of amounts payable by the Guarantor to Covered Bondholders and the Other Issuer Creditors following the occurrence of an Issuer Event of Default.

Under the terms of the Cover Pool Management Agreement, each Relevant Seller (and failing which, the Issuer, failing which, the other Seller(s)) must ensure that, on each Calculation Date prior to service of an Issuer Default Notice, the Cover Pool is in compliance with the Tests described below. If on any Calculation Date the Cover Pool is not in compliance with the Tests, then the Sellers (and failing which, the Issuer, failing which, the other Seller(s)) will sell Eligible Assets or Top-Up Assets to the Guarantor for an amount sufficient to allow the Tests to be met on the next following Calculation Date, in accordance with the relevant Master Loans Purchase Agreements and the Cover Pool Management Agreement, to be financed through the proceeds of Term Loans to be granted by the Relevant Seller(s), and/or the Issuer and/or the other Seller(s) (each only in respect of the Eligible Assets and/or Top-Up Assets transferred by it - see "The Cover Pool Management Agreement".

Statutory Tests

The Statutory Tests are intended to ensure that the Guarantor can meet its obligations under the Covered Bond Guarantee. In order to ensure that the statutory tests provided for under Article 3 of Decree 310 (the "Statutory Tests") are satisfied and that the Cover Pool is at all times sufficient to repay the Covered Bonds, each Seller (and failing the Seller to do so, the Issuer) must ensure that the three tests set out below are satisfied on each Calculation Date.

Nominal Value Test

The Calculation Agent shall verify that on each Calculation Date, the aggregate Outstanding Principal Balance of the Cover Pool shall be higher than or equal to the Outstanding Principal Amount of all Series

of Covered Bonds issued under the Programme and not cancelled or redeemed in full in accordance with their Final Terms at the relevant Calculation Date.

For the purpose of the above, the Calculation Agent shall consider the Outstanding Principal Balance of the Cover Pool as an amount equal to the "Nominal Value", which will be calculated on each Calculation Date, by applying the following formula:

$$A + B + C - Z$$

where,

"A" stands for the "Adjusted Outstanding Principal Balance" of each Mortgage Loan in the Cover Pool as at the relevant Calculation Date, defined as the lower of:

- the actual Outstanding Principal Balance of the relevant Mortgage Loan as calculated on the relevant Calculation Date; and
- (ii) the Latest Valuation relating to that Mortgage Loan multiplied by M,

where for all Mortgage Loans that are not Defaulted Loans, M = 0.80 and for all Mortgage Loans that are Defaulted Loans M = 0:

minus

the aggregate sum of the following deemed reductions to the aggregate Adjusted Outstanding Principal Balance of the Mortgage Loans in the Cover Pool, if any of the following occurred during the previous Calculation Period:

- (1) a Mortgage Loan (or any security granted in relation thereto, the "Related Security") was, in the immediately preceding Calculation Period, in breach of the representations and warranties contained in the relevant Warranty and Indemnity Agreement or was subject to any other obligation of the relevant Seller to repurchase the relevant Mortgage Loan and its Related Security, and in each case the Seller has not repurchased the Mortgage Loan or Mortgage Loans (each an "Affected Loan") of the relevant Debtor to the extent required by the terms of the Master Loans Purchase Agreement. In this event, the aggregate Adjusted Outstanding Principal Balance of the Mortgage Loans in the Cover Pool (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the Adjusted Outstanding Principal Balance of the relevant Affected Loan or Affected Loans (as calculated on the relevant Calculation Date); and/or
- the Issuer or any other Seller, in the preceding Calculation Period, was in breach of any other material warranty under the relevant Master Loans Purchase Agreement and/or the Master Servicer or any Sub-Servicer was, in the preceding Calculation Period, in breach of a material term of the Master Servicing Agreement. In this event, the aggregate Adjusted Outstanding Principal Balance of the Mortgage Loans in the Cover Pool (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Guarantor or on its behalf without double counting and to be reduced by any amount paid (in cash or in kind) to the Guarantor by the Issuer, the relevant Seller and/or the Master Servicer or the relevant Sub-Servicer to indemnify the Guarantor for such financial loss);

multiplied by the Asset Percentage;

"B" stands for the aggregate amount standing to the credit of the Luxembourg Principal Collection Accounts and the principal amount of any Top-Up Assets qualifying as Eligible Investment;

"C" stands for the aggregate Outstanding Principal Balance of any Eligible Assets other than Mortgage Loans, provided that any such Eligible Assets (other than Mortgage Loans) will be weighted according to the then applicable Rating Agencies' criteria; and

"Z" stands for the weighted average remaining maturity of all Covered Bonds (expressed in years) then outstanding multiplied by the aggregate Principal Amount of the Covered Bonds multiplied by the Negative Carry Factor.

The "Asset Percentage" means 93.00% or such lower percentage as may be determined from time to time in accordance with the Cover Pool Management Agreement.

Net Present Value Test

The Issuer and the Sellers shall ensure that the Net Present Value of the Cover Pool, net of the transaction costs to be borne by the Guarantor (including the payments of any nature expected to be borne or due with respect to any Swap Agreement) shall be higher than or equal to the net present value of all Series of Covered Bonds issued under the Programme and not cancelled or redeemed in full in accordance with their Final Terms at the relevant Calculation Date.

The "Net Present Value" is an amount equal to:

A + B

where:

"A" stands for the net present value of all Eligible Assets and Top-Up Assets comprised in the Cover Pool;

"B" stands for the net present value each Asset Swap Agreement and Liability Swap Agreement.

Interest Coverage Test

The Issuer and the Sellers must ensure that on each Calculation Date the amount of interest and other revenues generated by the assets included in the Cover Pool, net of the costs borne by the Guarantor (including the payments of any nature expected to be borne or due with respect to any Swap Agreement), shall be higher than the amount of interest due on all Series of Covered Bonds issued under the Programme and not cancelled or redeemed in full in accordance with their Final Terms at the relevant Calculation Date, taking into account the Swap Agreements entered into in connection with the Programme.

The Interest Coverage Test will be considered met if, on the relevant Calculation Date, the Expected Revenue Income (as defined below) is in an amount equal to or greater than the Expected Revenue Liability (as defined below), both as calculated on the relevant Calculation Date.

The "Expected Revenue Income" will be an amount calculated on each Calculation Date by applying the following formula:

A+B+C

where,

- "A" stands for the aggregate amount standing to the credit of the Luxembourg Interest Collection Accounts as of the relevant Calculation Date;
- "B" stands for any payments that the Guarantor is expected to receive under any Swap Agreement as at the end of the relevant Collection Period; and
- "C" stands for the interest component of all the Instalments falling due from the relevant Calculation Date to the date falling 12 months thereafter (such interest payments to be calculated with respect to the applicable interest rates as of the relevant Calculation Date).

The "Expected Revenue Liability" will be an amount calculated on each Calculation Date by applying the following formula:

D+E+F

where,

- "D" stands for the aggregate amount of all interest payments due under all outstanding Series of Covered Bonds on the Interest Payment Dates falling in the period starting from the relevant Calculation Date and ending on the date falling 12 months thereafter (such interest payments to be calculated with respect to the applicable interest rates as of the relevant Calculation Date);
- "E" stands for any Senior Liabilities (net of any amounts credited to the Reserve Fund Account and payments made under the Swap Agreements) expected to be borne by the Guarantor during the period starting from the relevant Calculation Date and ending on the date falling 12 months thereafter; and
- "F" stands for any payments expected to be borne or due by the Guarantor under any Swap Agreement as at the end of the relevant Collection Period.

The Interest Coverage Test will:

- (i) be met if $A+B+C \ge D+E+F$; or
- (ii) not be met if A+B+C < D+E+F.

Amortisation Test

The Amortisation Test is intended to ensure that, following an Issuer Event of Default, the service of an Issuer Default Notice on the Issuer and on the Guarantor (but prior to service on the Guarantor of a Guarantor Default Notice), the Cover Pool contains sufficient assets to enable the Guarantor to meet its obligations under the Covered Bond Guarantee. The Amortisation Test will be considered met if the Amortisation Test Aggregate Loan Amount is an amount at least equal to the Outstanding Principal Amount of the issued Covered Bonds as calculated on the relevant Calculation Date. If the Amortisation Test Aggregate Loan Amount is less than the Outstanding Principal Amount of the issued Covered Bonds, then the Amortisation Test will be deemed to be breached and if such breach is not remedied by the Relevant Seller(s) (or failing which, the Issuer or, failing the Issuer, the other Seller(s)) by the immediately following Calculation Date, a Guarantor Default Notice will be served by the Representative of the Covered Bondholders on the Guarantor causing the acceleration of the Covered Bonds and a demand for enforcement of the Covered Bond Guarantee. The Calculation Agent, whilst Covered Bonds are outstanding, will immediately notify the Representative of the Covered Bondholders of any breach of the Amortisation Test. Following a Guarantor Default Notice, the Guarantor will be required to make payments in accordance with the Post-Enforcement Priority of Payments.

The "Amortisation Test Aggregate Loan Amount" will be calculated on each Calculation Date as follows:

$$A + B + C - Z$$

where,

- "A" stands for the aggregate "Amortisation Test Outstanding Principal Balance" of each Mortgage Loan, which shall be the lower of:
 - the Outstanding Principal Balance of the relevant Mortgage Loan as calculated on the relevant Calculation Date; and
 - (ii) 100 per cent. of the Latest Valuation multiplied by M,

where for all Mortgage Loans that are not Defaulted Loans, M = 0.80 or for all the Mortgage Loans that are Defaulted Loans M = 0;

- "B" stands for the aggregate amount standing to the credit of the Luxembourg Principal Collection Accounts and the principal amount of any Top-Up Assets qualifying as Eligible Investment;
- "C" stands for the aggregate Outstanding Principal Balance of any Eligible Assets other than Mortgage Loans; and

"Z" stands for the weighted average remaining maturity of all Covered Bonds (expressed in years) then outstanding multiplied by the aggregate Outstanding Principal Amount of the Covered Bonds multiplied by the Negative Carry Factor.

Reserve Fund Account

The Reserve Fund Account is held in the name of the Guarantor for the purpose of setting aside, on each Guarantor Payment Date, the relevant Reserve Fund Amount. Such Reserve Fund Amount will be determined on each Calculation Date in an amount sufficient to ensure that, in the event that a payment is required to the Guarantor under the Covered Bond Guarantee, the Guarantor would have sufficient funds set aside and readily available to pay (i) interest amounts accruing, from time to time, with respect to the Covered Bonds plus (ii) all costs and expenses ranking under items (a) to (c) of each of the Pre-Issuer Event of Default Interest Priority of Payments and the Pre-Issuer Event of Default Principal Priority of Payments. The required Reserve Fund Amount will be credited by the Guarantor to the Reserve Fund Account on each Guarantor Payment Date in accordance with the Pre-Issuer Event of Default Interest Priority of Payments and the Pre-Issuer Event of Default Principal Priority of Payments.

Set-Off Risk and Commingling Risk

Pursuant to the Cover Pool Management Agreement, the Issuer has undertaken, upon occurrence of an Issuer Downgrading Event, to notify on a quarterly basis the Rating Agencies of each of the Potential Set-Off Amount and the Commingling Amount. As long as the Issuer Downgrading Event is continuing, the Asset Percentage shall be reduced by an amount equal to the Potential Set-Off Amount and the Commingling Amount.

CASHFLOWS

As described above under "Credit Structure", until an Issuer Default Notice is served on the Issuer and the Guarantor, the Covered Bonds will be obligations of the Issuer only. The Issuer is liable to make payments when due on the Covered Bonds, whether or not it has received any corresponding payment from the Guarantor.

This section summarises the cashflows of the Guarantor only, as to the allocation and distribution of amounts standing to the credit of the Accounts and their order of priority (all such orders of priority, the "**Priority of Payments**") (a) prior to an Issuer Event of Default and a Guarantor Event of Default, (b) following an Issuer Event of Default (but prior to a Guarantor Event of Default) and (c) following a Guarantor Event of Default.

DESCRIPTION OF CERTAIN RELEVANT LEGISLATION IN ITALY

The following is a general description of the Italian Securitisation and Covered Bond Law (as defined below) and other legislation that may be relevant to investors in assessing the Covered Bonds, including recent legislation affecting the rights of mortgage borrowers. It does not purport to be a complete analysis of the legislation described below or of the other considerations relating to the Covered Bonds arising from Italian laws and regulations. Furthermore, this summary is based on Italian Legislation as in effect on the date of this Prospectus, which may be subject to change, potentially with retroactive effect. This description will not be updated to reflect changes in laws. Accordingly, prospective Covered Bondholders should consult their own advisers as to the risks arising from Italian legislations that may affect any assessment by them of the Covered Bonds.

The Securitisation and Covered Bond Law

The legal and regulatory framework with respect to the issue of covered bonds in Italy comprises the following:

- Article 7-bis and article 7-ter of the Law No. 130 of 30 April 1999 (as amended, the "Italian Securitisation and Covered Bond Law");
- the regulations issued by the Italian Ministry for the Economy and Finance on 14 December 2006 under Decree No. 310 (the " Regulation");
- the C.I.C.R. Decree dated 12 April 2007; and
- the Bank of Italy's official supervisory regulations issued on 17 May 2007 with respect to the issue of covered bonds (the "Bank of Italy Instructions").

Law Decree No. 35 of 14 March 2005, converted by Law No. 80 of 14 May 2005, amended the Italian Securitisation and Covered Bond Law by adding two new articles, Articles 7-bis and 7-ter, which enable banks to issue covered bonds. Articles 7-bis and 7-ter, however, required both the Italian Ministry of Economy and Finance and the Bank of Italy to issue specific regulations before the relevant structures could be implemented.

Following the issue of the MEF Regulation, the Bank of Italy Instructions were published on 17 May 2007, completing the relevant legal and regulatory framework and allowing for the implementation on the Italian market of this funding instrument, which had previously only been available under special legislation to specific companies (such as Cassa Depositi e Prestiti S.p.A.).

The Bank of Italy Instructions introduced provisions, among other things, regulating:

- the capital adequacy requirements that issuing banks must satisfy in order to issue covered bonds and the ability of issuing banks to manage risks;
- limitations on the total value of eligible assets that banks, individually or as part of a group, may transfer as cover pools in the context of covered bond transactions;
- criteria to be adopted in the integration of the assets constituting the cover pools;
- the identification of the cases in which the integration is permitted and its limits; and
- monitoring and surveillance requirements applicable with respect to covered bond transactions and the provision of information relating to the transaction.

Basic structure of a covered bond issue

The structure provided under Article 7-bis with respect to the issue of covered bonds may be summarised as follows:

• a bank transfers a pool of eligible assets (i.e. the cover pool) to an Article 7-bis special purpose vehicle (the "SPV");

- the bank grants the SPV a subordinated loan in order to fund the payment by the SPV of the purchase price due for the cover pool;
- the bank issues the covered bonds which are supported by a first demand, unconditional and irrevocable guarantee issued by the SPV for the exclusive benefit of the holders of the covered bonds and the hedging counterparties involved in the transaction. The Guarantee is backed by the entire cover pool held by the SPV.

Article 7-bis however also allows for structures which contemplate different entities acting respectively as cover pool provider, subordinated loan provider and covered bonds issuer.

The SPV

The Italian legislator chose to implement the new legislation on covered bonds by supplementing the Italian Securitisation Law, thus basing the new structure on a well established platform and applying to covered bonds many provisions with which the market is already familiar in relation to Italian securitisations. Accordingly, as is the case with the special purpose entities which act as issuers in Italian securitisation transactions, the SPV is required to be established with an exclusive corporate object that, in the case of covered bonds, must be the purchaser of assets eligible for cover pools and the person giving guarantees in the context of covered bond transactions.

The guarantee

The MEF Regulation provides that the guarantee issued by the SPV for the benefit of the bondholders must be irrevocable, first-demand, unconditional and independent from the obligations of the issuer of the covered bonds. Furthermore, upon the occurrence of a default by the issuer in respect of its payment obligations under the covered bonds, the SPV must provide for the payment of the amounts due under the covered bonds, in accordance with their original terms and with limited recourse to the amounts available to the SPV from the cover pool. The acceleration of the issuer's payment obligations under the covered bonds will not therefore result in a corresponding acceleration of the SPV's payment obligations under the guarantee (thereby preserving the maturity profile of the covered bonds).

Upon an insolvency of the issuer, the SPV will be solely responsible for the payment obligations of the issuer owed to the covered bond holders, in accordance with their original terms and with limited recourse to the amounts available to the SPV from the cover pool. In addition, the SPV will be exclusively entitled to exercise the rights of the covered bond holders $vis \ avis$ the issuer's bankruptcy in accordance with the applicable bankruptcy law. Any amounts recovered by the SPV from the bankruptcy of the issuer become part of the cover pool.

Finally, if a moratorium is imposed on the issuer's payments, the SPV will fulfil the issuer's payment obligations, with respect to amounts which are due and payable and with limited recourse to the cover pool. The SPV will then have recourse against the issuer for any such payments.

Segregation and subordination

Article 7-bis provides that the assets comprised in the cover pool and the amounts paid by the debtors with respect to the receivables and/or debt securities included in the cover pool are exclusively designated and segregated by law for the benefit of the holders of the covered bonds and the hedging counterparties involved in the transaction.

In addition, Article 7-bis expressly provides that the claim for reimbursement of the loan granted to the SPV to fund the purchase of assets in the cover pool is subordinated to the rights of the covered bond holders and of the hedging counterparties involved in the transaction.

Exemption from claw-back

Article 7-bis provides that the guarantee and the subordinated loan granted to fund the payment by the SPV of the purchase price due for the cover pool are exempt from the bankruptcy claw-back provisions set out in Article 67 of the Italian Bankruptcy Law (Royal Decree No. 267 of 16 March 1942).

The issuing bank

The Bank of Italy Instructions provide that covered bonds may only be issued by banks which individually satisfy, or which belong to banking groups which, on a consolidated basis:

- have regulatory capital of at least €500,000,000; and
- have a minimum total capital ratio of 9 per cent..

The Bank of Italy Instructions specify that the requirements above also apply to the bank acting as cover pool provider (in the case of structures in which separate entities act respectively as issuing bank and as cover pool provider).

The Bank of Italy Instructions furthermore provide that the total amount of eligible assets that a bank may transfer to cover pools in the context of covered bond transactions is subject to limitations linked to the total capital ratio and tier 1 ratio of the individual bank (or of the relevant banking group, if applicable) as follows:

Ratios		Transfer Limitations
"A" range	– Total capital ratio $\geq 11\%$	No limitation
	– Tier 1 ratio ≥ 7%	
"B" range	– Total capital ratio $\geq 10\%$ and < 11%	Up to 60% of eligible assets may be transferred
	– Tier 1 ratio ≥ 6.5%	
"C" range	– Total capital ratio $\geq 9\%$ and $< 10\%$	Up to 25% of eligible assets may be transferred
	- Tier 1 ratio ≥ 6%	

The Bank of Italy Instructions clarify that the ratios provided with respect to each range above must be satisfied jointly: if a bank does not satisfy both ratios with respect to a specific range, the range applicable to it will be the following, more restrictive, range. Accordingly, if a bank (or the relevant banking group) satisfies the "b" range total capital ratio but falls within the "c" range with respect to its tier 1 ratio, the relevant bank will be subject to the transfer limitations applicable to the "c" range.

The Cover Pool

For a description of the assets which are considered eligible for inclusion in a cover pool under Article 7-bis, see "Description of the Cover Pool – Eligibility Criteria".

Ratio between cover pool value and covered bond outstanding amount

The MEF Regulation provides that the cover pool provider and the issuer must continually ensure that, throughout the transaction:

- the aggregate nominal value of the cover pool is at least equal to the nominal amount of the relevant outstanding covered bonds;
- the net present value of the cover pool (net of all the transaction costs borne by the SPV, including in relation to hedging arrangements) is at least equal to the net present value of the relevant outstanding covered bonds;
- the interest and other revenues deriving from the cover pool (net of all the transaction costs borne by the SPV) are sufficient to cover interest and costs due by the issuer with respect to the relevant outstanding covered bonds, taking into account any hedging agreements entered into in connection with the transaction.

In respect of the above, under the Bank of Italy Instructions, strict monitoring procedures are imposed on banks for the monitoring of the transaction and of the adequacy of the guarantee on the cover pool. Such activities must be carried out both by the relevant bank and by an asset monitor, to be appointed by the bank, which is an independent accounting firm. The asset monitor must prepare and deliver to the issuing bank's s board of auditors, on an annual basis, a report detailing its monitoring activity and the relevant findings.

The Bank of Italy Instructions require banks to carry out the monitoring activities described above at least every 6 months with respect to each covered bond transaction. Furthermore, the internal auditors of banks must comprehensively review every 12 months the monitoring activity carried out with respect to each covered bond transaction, basing such review, among other things, on the evaluations supplied by the asset monitor.

In order to ensure that the monitoring activities above may be appropriately implemented, the Bank of Italy Instructions require that the entities participating in covered bond transactions be bound by appropriate contractual undertakings to communicate to the issuing bank, the cover pool provider and the entity acting as servicer in relation to the cover pool assets all the necessary information with respect to the cover pool assets and their performance.

Substitution of assets

The MEF Regulation and the Bank of Italy Instructions provide that, following the initial transfer to the cover pool, the eligible assets comprised in the cover pool may only be substituted or supplemented in order to ensure that the requirements described under "Ratio between cover pool value and covered bond outstanding amount", or the higher over-collateralisation provided for under the relevant covered bond transaction documents, are satisfied at all times during the transaction.

The eligible assets comprised in the cover pool may only be substituted or supplemented by means of:

- the transfer of further assets (eligible to be included in the cover pool in accordance with the criteria described above);
- the establishment of deposits held with banks ("Qualified Banks") which have their registered
 office in a member state of the European Economic Area or in Switzerland or in a state for which
 a 0 per cent. risk weight is applicable in accordance with the prudential regulations' standardised
 approach; and
- the transfer of debt securities, having a residual life of less than one year, issued by the Qualified Banks.

The MEF Regulation and the Bank of Italy Instructions, however, provide that the assets described in the last two paragraphs above, cannot exceed 15 per cent. of the aggregate nominal value of the cover pool. This 15 per cent. limitation must be satisfied throughout the transaction and, accordingly, the substitution of cover pool assets may also be carried out in order to ensure that the composition of the assets comprised in the cover pool continues to comply with the relevant threshold.

The Bank of Italy Instructions clarify that the limitations to the overall amount of eligible assets that may be transferred to cover pools described under "*The Issuing Bank*" above do not apply to the subsequent transfer of supplemental assets for the purposes described under this paragraph.

Taxation

Article 7-bis, sub-paragraph 7, provides that any tax is due as if the granting of the subordinated loan and the transfer of the cover pool had not taken place and as if the assets constituting the cover pool were registered as on-balance sheet assets of the cover pool provider, provided that:

- the purchase price paid for the transfer of the cover pool is equal to the most recent book value of the assets constituting the cover pool; and
- the subordinated loan is granted by the same bank acting as cover pool provider.

The provision described above would imply, as a main consequence, that banks issuing covered bonds will be entitled to include the receivables transferred to the cover pool as on-balance receivables for the purpose of tax deductions applicable to reserves for the depreciation on receivables in accordance with Article 106 of Presidential Decree No. 917 of 22 December 1986.

Certain Aspects of Italian Law relevant to Mortgage Loans

Italian Law Decree number 7 of 31 January 2007, as converted into law by Italian Law number 40 of 2 April 2007 (the "Bersani Decree") and amended by Italian Law number 244 of 24 December 2007 (the "2008 Budget Law"), provides for certain new measures for the protection of consumers' rights and the promotion of the competition in, inter alia, the Italian mortgage loan market. The new provisions of law facilitate the exercise by the borrowers of their right to prepayment of the loan and/or subrogation of a new bank into the rights of their creditors in accordance with article 1202 (surrogazione per volontà del debitore) of the Italian civil code, by eliminating the limits and costs previously borne by the borrowers for the exercise of such right. In addition, the 2008 Budget Law provided for the right of borrowers, under mortgage loans related to the purchase of the first house ("prima casa") and unable to pay the relevant instalments, to request the suspension of payments of instalments due under the relevant mortgage loans for a maximum of two times and for a maximum aggregate period of 18 months. The 2008 Budget Law also provided for the establishment of a fund (so called "Fondo di solidarietà", the "Fund") created for the purpose of bearing certain costs deriving from the suspension of payments and refers to implementing regulation to be issued for the determination of: (i) the requirements that the borrowers must comply with in order to have the right to the aforementioned suspension and the subsequent aid of the Fund; and (ii) the formalities and operating procedures of the Fund.

Pending the enactment of the implementing regulation referred to above and given the novelty of the above described provisions, the impact thereof on the amortisation and prepayment profile of the Portfolio cannot be predicted by the Issuer as at the date of this Prospectus.

Further, Law Decree number 93 of 27 May 2008 came into force on 29 May 2008, providing new legislation on the renegotiation of mortgage loan repayment plans for principal residence homeowners. Under the provisions of the new legislation, on 19 June 2008 the Ministry of Economy and Finance (Ministero dell'economia e delle finanze) and the Italian banking association (Associazione bancaria italiana) entered into a convention (the "Convention") for the renegotiation of floating rate mortgage loan agreements entered into prior to 29 May 2008 for the purposes of acquiring, building or refurbishing the mortgagor's only or main residence. The Convention is open to the adhesion of banks and financial intermediaries enrolled in the general register held by the Bank of Italy pursuant to article 106 of the Consolidated Banking Act, including special purpose companies incorporated under the Italian Securitisation and Covered Bond Law, such as the Guarantor. The banks and financial intermediaries who adhere to the Convention shall, within 29 August 2008, propose to their clients meeting the requirements set out therein the renegotiation of the relevant mortgage loans. Pursuant to the new legislation, the instalments payable by the relevant debtors are recalculated by reference to the average of the floating interest rates applied under the relevant loan during 2006 (or, in case of loans executed after 31 December 2006, by reference to the parameters used to calculate the first amortisation instalment), rendered fixed instalments starting from 1 January 2009 and thereafter applied on the outstanding debt for the entire duration of the loan. The difference between the amount of the instalments payable in accordance with the original amortisation plan and the amount of the fixed instalments so calculated will then be debited to an ancillary loan account accruing interest at the rate of IRS for 10 years plus a margin of 0.50 per cent per annum and repayable after the repayment of the renegotiated loan with the same fixed instalments. As of today it is unclear what impact this legislation will have on the residential mortgages loan market in Italy and on the level of prepayments which the Guarantor may experience, irrespective whether or not the Sellers (or the Issuer) elect to adhere itself to the convention.

The Bersani Decree also provides that any provision imposing a prepayment penalty in case of early redemption of mortgage loans is void with respect to mortgage loan agreements entered into, with an individual as borrower, on or after 2 February 2007 (being the date on which the Bersani Decree entered into force) for the purpose of purchasing or refurbishing real estate properties destined to residential purposes or to carry out the borrower's own professional and economic activity.

With respect to loan agreements entered into prior to the enactment of the Bersani Decree (i.e., prior to 2 February 2007), article 7, paragraph 5 of the Bersani Decree *provided that* the Italian banking association ("ABI") and the main national consumer associations were entitled to reach, within three months from 2

February 2007, an agreement regarding the equitable renegotiation of prepayment penalties within certain maximum limits calculated on the residual amount of the loans (in each instance, the "Substitutive Prepayment Penalty"). Had ABI and the relevant consumer associations failed to reach an agreement, the Bank of Italy would have determined the Substitutive Prepayment Penalty by 2 June 2007.

The agreement reached on 2 May 2007 between ABI and national consumer associations (the "**Prepayment Penalty Agreement**") contains the following main provisions (as described in an ABI press release dated May 2007):

- (i) with respect to variable rate loan agreements the Substitutive Prepayment Penalty should not exceed 0.50 per cent, and should be further reduced to: (a) 0.20 per cent, in case of early redemption of the loan carried out within the third year from the final maturity date; and (b) zero, in case of early redemption of the loan carried out within two years from the final maturity date;
- (ii) with respect to fixed rate loan agreements entered into before 1 January 2001 the Substitutive Prepayment Penalty should not exceed 0.50 per cent. and should be further reduced to: (a) 0.20 per cent. in case of early redemption of the loan carried out within the third year from the final maturity date; and (b) zero, in case of early redemption of the loan carried out within two years from the final maturity date.
- with respect to fixed rate loan agreements entered into after 31 December 2000 the Substitutive Prepayment Penalty should be equal to: (a) 1.90 per cent. if the relevant early redemption is carried out in the first half of loan's agreed duration; (b) 1.50 per cent. if the relevant early redemption is carried out following the first half of loan's agreed duration, **provided however that** the Substitutive Prepayment Penalty should be further reduced to: (x) 0.20 per cent. in case of early redemption of the loan carried out within three years from the final maturity date; and (y) zero, in case of early redemption of the loan carried out within two years from the final maturity date

The Prepayment Penalty Agreement introduces a further protection for borrowers under a "safeguard" equitable clause (the "Clausola di Salvaguardia") in relation to those loan agreements which already provide for a prepayment penalty in an amount which is compliant with the thresholds described above. In respect of such loans, the Clausola di Salvaguardia provides that:

- (i) if the relevant loan is either: (x) a variable rate loan agreement; or (y) a fixed rate loan agreement entered into before 1 January 2001; the amount of the relevant prepayment penalty shall be reduced by 0.20 per cent.;
- (ii) if the relevant loan is a fixed rate loan agreement entered into after 31 December 2000, the amount of the relevant prepayment penalty shall be reduced by (x) 0.25 per cent. if the agreed amount of the prepayment penalty was equal or higher than 1.25 per cent.; or (y) 0.15 per cent. if the agreed amount of the prepayment penalty was lower than 1.25 per cent.

Finally the Prepayment Penalty Agreement sets out specific solutions with respect to hybrid rate loans which are meant to apply to the hybrid rates the provisions, as more appropriate, relating respectively to fixed rate and variable rate loans.

In relation to the provisions of the Prepayment Penalty Agreement, it is expected that further interpretative and supplemental indications may be issued, the specific impact of which cannot be accurately anticipated at this time.

The Bersani Decree moreover includes other miscellaneous provisions relating to mortgage loans which include, *inter alia*, simplified procedures meant to allow a more prompt cancellation of mortgages securing loans granted by banks or financial intermediaries in the event of a documented repayment in full by the debtors of the amounts due under the loans. While such provisions do not impact on the monetary rights of the lenders under the loans (lenders retain the right to oppose the cancellation of a mortgage), the impact on the servicing procedures in relation to the applicable loan agreements cannot be entirely assessed at this time.

TAXATION

The following is a general description of certain Italian tax considerations relating to the Covered Bonds. It does not purport to be a complete analysis of all tax considerations relating to the Covered Bonds, whether in those countries or elsewhere. Prospective purchasers of Covered Bonds should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Covered Bonds and receiving payments of interest, principal and/or other amounts under the Covered Bonds and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

This summary is based upon Italian tax laws and practice in effect as at the date of this Prospectus, which may be subject to change, potentially with retroactive effect. Prospective Covered Bondholders should consult their tax advisers as to the consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of Covered Bonds and receiving payments of interest, principal and/or other amounts under the Covered Bonds, including in particular the effect of any state, regional or local tax laws. This summary will not be updated to reflect changes in laws and if such a change occurs the information in this summary could become invalid.

This summary takes into consideration the changes introduced by Law 244 of 2007 ("2008 Budget Law") and by the Law Decree 112 of 25 June 2008 ("Decree No. 112").

Italian Tax Treatment of the Covered Bonds - General

Decree 239 regulates the tax treatment of interest, premiums and other income from certain securities issued, *inter alia*, by Italian resident banks (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "Interest"). The provisions of Decree 239 only apply to Covered Bonds issued by the Issuer with an original maturity of eighteen months or more which qualify as *obbligazioni* (bonds) or *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Presidential Decree No. 917 of 22 December 1986, as amended and supplemented ("Decree No. 917").

Taxation of Interest

Italian resident Covered Bondholders

Pursuant to Decree 239, as amended, payments of interest and other proceeds in respect of the Covered Bonds having an original maturity of not less than 18 months:

(a) will be subject to final *imposta sostitutiva* at the rate of 12.5 per cent. in Italy if made to beneficial owners who are: (i) individuals resident in Italy for tax purposes holding Covered Bonds not in connection with entrepreneurial activity (unless they have entrusted the management of their financial assets, including the Covered Bonds, to an authorised intermediary and have opted for the *risparmio gestito* regime according to article 7 of Legislative Decree number 461 of 21 November 1997 – the "Asset Management Option"); (ii) Italian resident partnerships (other than *società in nome collettivo*, *società in accomandita semplice* or similar partnerships), *de facto* partnerships not carrying out commercial activities and professional associations; (iii) Italian resident public and private entities, other than companies, trusts not carrying out commercial activities (iv) Italian resident entities exempt from corporate income tax;

In case the Covered Bonds are held by an individual engaged in a business activity to which the Covered Bonds are connected, the *imposta sostitutiva* applies as a provisional tax and may be deducted from the corporate income tax due.

(b) will not be subject to the *imposta sostitutiva* at the rate of 12.5 per cent. if made to beneficial owners who are: (i) Italian resident corporations, commercial partnerships, or permanent establishments in Italy of non-resident corporations to which the Covered Bonds are effectively connected; (ii) Italian resident collective investment funds, SICAVs, Italian resident pension funds and Italian resident real estate investment funds; (iii) Italian resident individuals holding Covered Bonds otherwise than in connection with entrepreneurial activity who have entrusted the

management of their financial assets, including the Covered Bonds, to an Italian authorised financial intermediary and have opted for the Asset Management Option.

To ensure payment of interest and other proceeds in respect of the Covered Bonds without the application of the *imposta sostitutiva*, investors indicated above sub-paragraph (b) must (i) be the beneficial owners of payments of interest and other proceeds on the Covered Bonds (or certain non-Italian resident institutional investors); (ii) timely deposit the Covered Bonds together with the coupons relating to such Covered Bonds (if any) directly or indirectly with an Italian authorised financial intermediary (or permanent establishment in Italy of foreign intermediary).

Interest and other proceeds accrued on the Covered Bonds, held by Italian resident corporations, commercial partnerships, individual entrepreneurs holding the Covered Bonds in connection with entrepreneurial activities or permanent establishment in the Republic of Italy of non-resident corporations to which the Covered Bonds are effectively connected would be included in the corporate taxable income (and in certain circumstances, depending on the "status" of the Covered Bondholders, also in the net value of production for the purposes of regional tax on productive activities – IRAP) and subject to tax in Italy in accordance with ordinary tax rules.

Italian resident collective investment funds, SICAVs, are subject to a 12.5 per cent. annual substitutive tax (the "Collective Investment Fund Tax") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include any interest and other proceeds accrued on the Covered Bonds).

According to Article 41-bis of Law Decree No 269 dated 30 September 2003, Italian real estate funds created under Article 37 of Italian Legislative Decree No. 58 of 24 February 1998 and Article 14-bis of Law No. 86 dated 25 January 1994 (the "**Real Estate Funds**") as amended by Decree No. 112 are not subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund exception made for some specific cases in relation to which a net worth tax rate of 1 per cent, would be applicable. In any case, any income realised by certain subscribers (other than capital gains) is subject to a 20 per cent, withholding tax.

Italian resident pension funds are subject to an 11 per cent. annual substitutive tax (the "**Pension Fund Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include interest and other proceeds accrued on the Covered Bonds).

Individuals that have entrusted the management of their financial assets, including the Covered Bonds, to an authorised intermediary and have opted for the Asset Management Option according to article 7 of Legislative Decree number 461 of 21 November 1997 are subject to a 12,5 per cent substitutive tax on the increase in value of the managed assets accrued at the end of each tax year. The above mentioned annual substitutive tax will be applied on behalf of the taxpayer by the managing authorised intermediary.

Non-Italian resident Covered Bondholders

Payments of interest and other proceeds in respect of the Covered Bonds having an original maturity of not less than 18 months will not be subject to the *imposta sostitutiva* at the rate of 12.5 per cent. if made to beneficial owners who are non-Italian resident beneficial owners of the Covered Bonds with no permanent establishment in Italy to which the Covered Bonds are effectively connected, *provided that*:

- (a) such beneficial owners are resident, for tax purposes, (i) in a White-list State listed in Italian Ministerial Decree dated 4 September 1996, as amended from time to time, or (ii) as from the tax year in which the decree pursuant to Article 168-bis of Decree No. 917 is effective, in a State or territory that is included (or deemed to be included, pursuant to Article 1, paragraph 90 of Law No. 244 of 24 December 2007) in the list of States allowing for an adequate exchange of information with the Italian tax authorities; and
- (b) all the requirements and procedures set forth in Decree 239 and in the relevant application rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are timely met and complied with.

To ensure payment of interest and other proceeds in respect of the Covered Bonds without the application of *imposta sostitutiva*, investors indicated above must:

- be the beneficial owners of payments of interest and other proceeds on the Covered Bonds (or certain non-Italian resident institutional investors);
- (b) deposit the Covered Bonds in due time together with the coupons relating to such Covered Bonds directly or indirectly with an Italian authorised financial intermediary (or permanent establishment in Italy of foreign intermediary); and
- (c) file a declaration in due time with the relevant depository stating that they are resident for tax purposes in a country which recognises the Italian tax authorities' right to an adequate exchange of information (for certain non-Italian resident institutional investors certain additional declarations should also be made).

The declaration referred to in (c) above is valid until withdrawn or revoked and must not be submitted in case that a certificate, declaration or other similar document meant for equivalent uses was previously submitted to the same depository.

Pursuant to Decree 239 the exemption from the *imposta sostitutiva* also applies to (i) international bodies and organisations established in accordance with agreements ratified in Italy; (ii) certain foreign institutional investors, even though not subject to income tax or to other similar taxes, which are resident for tax purposes in one of the State included in the list provided for by art. 6, par. 1 of Decree 239; (iii) Central Banks or entities, managing also official State reserves.

Early Redemption

Notwithstanding the above provisions, Covered Bonds issued by the Issuer which fall within the definitions set out above (i.e. they qualify as *obbligazioni* or *titoli similari alle obbligazioni* pursuant to Article 44 of Decree No. 917), having an original maturity higher than 18 months, and which are redeemed within eighteen months from the date of issue, are subject to an additional tax due from the Issuer at a rate of 20 per cent. in respect of Interest and premium (if any) accrued on the Covered Bonds up to the date of the early redemption, pursuant to Article 26, paragraph 1, of Presidential Decree No. 600 of 29 September 1973, as amended. In accordance with one interpretation of Italian tax law, the above 20 per cent. additional amount may also be due in the event of any purchase of Covered Bonds by the Issuer with subsequent cancellation thereof prior to eighteen months from the date of issue.

Covered Bonds with an Original Maturity of less than 18 Months

Pursuant to Article 26 of Decree No. 600, interest and other proceeds on Covered Bonds issued by the Issuer that qualify as *obbligazioni* (bonds) or *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Decree No. 917 with an original maturity of less than eighteen months, are subject to withholding tax levied at a rate of 27 per cent.

Where the Covered Bondholder is (i) an Italian resident individual carrying on a commercial activity to which the Covered Bonds are connected, (ii) an Italian resident corporation or a similar Italian commercial entity, (iii) a permanent establishment in Italy of a foreign entity to which the Covered Bonds are effectively connected, (iv) an Italian resident commercial partnership or (v) an Italian resident commercial private or public institution, such withholding tax operates as an interim tax payment subject to final assessment. In all other cases, the withholding tax is a final tax payment.

Where the Covered Bondholder is a non-Italian resident, the 27 per cent. withholding tax may be reduced under the provisions of double taxation treaties entered into by Italy, subject to timely filing of required documentation.

Covered Bonds Classified as Atypical Securities

Where Covered Bonds representing debt instruments implying a "use of capital" do not guarantee full repayment of principal, under Italian tax law they should qualify as "atypical securities" and payments in respect of such Covered Bonds received by Italian Covered Bondholders would then be subject to withholding tax levied at a rate of 27 per cent. (final or on account depending on the "status" and tax residence of the Covered Bondholder).

Where the Covered Bondholder is a non-Italian resident, the 27 per cent. withholding tax may be reduced under the provisions of double taxation treaties entered into by Italy, subject to timely filing of required documentation.

Capital Gains Tax

Italian resident Covered Bondholders

Any capital gain realised upon the sale for consideration or redemption of the Covered Bonds would be treated as part of the taxable business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to tax in Italy according to the relevant tax provisions, if derived by Covered Bondholders who are:

- (a) Italian resident corporations;
- (b) Italian resident commercial partnerships;
- permanent establishments in Italy of foreign corporations to which the Covered Bonds are effectively connected; or
- (d) Italian resident individuals carrying out a commercial activity, as to any capital gains realised within the scope of the commercial activity carried out.

Pursuant to Legislative Decree number 461 of 21 November 1997 ("Decree 461"), any capital gain realised by Italian resident individuals holding Covered Bonds not in connection with entrepreneurial activity and certain other persons upon sale for consideration or redemption of the Covered Bonds would be subject to an *imposta sostitutiva* at the current rate of 12.5 per cent. Under the tax declaration regime, which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in entrepreneurial activity, *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any relevant incurred capital loss, realised by Italian resident individual Covered Bondholders holding Covered Bonds not in connection with entrepreneurial activity pursuant to all disposals of Covered Bonds carried out during any given fiscal year. Italian resident individuals holding Covered Bonds not in connection with entrepreneurial activity must report overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax declaration to be filed with the Italian tax authorities for such year and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains of the same kind realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual Covered Bondholders holding the Covered Bonds not in connection with entrepreneurial activity may elect to pay 12.5 per cent. imposta sostitutiva separately on capital gains realised on each sale or redemption of the Covered Bonds (the "Risparmio Amministrato" regime). Such separate taxation of capital gains is allowed subject to (i) the Covered Bonds being deposited with Italian banks, società di intermediazione mobiliare (SIM) or certain authorised financial intermediaries and (ii) an express election for the Risparmio Amministrato regime being timely made in writing by the relevant Covered Bondholder. Under the Risparmio Amministrato regime, the financial intermediary is responsible for accounting for imposta sostitutiva in respect of capital gains realised on each sale or redemption of the Covered Bonds (as well as in respect of capital gains realised at revocation of its mandate), net of any relevant incurred capital loss, and is required to pay the relevant amount to the Italian fiscal authorities on behalf of the taxpayer, deducting a corresponding amount from proceeds to be credited to the Covered Bondholder. Under the Risparmio Amministrato regime, where a sale or redemption of the Covered Bonds results in capital loss, such loss may be deducted from capital gains of the same kind subsequently realised within the same relationship of deposit in the same tax year or in the following tax years up to the fourth. Under the Risparmio Amministrato regime, the Covered Bondholder is not required to declare capital gains in its annual tax declaration and remains anonymous.

Any capital gains accrued to Italian resident individuals holding Covered Bonds not in connection with entrepreneurial activity who have elected for the Asset Management Option will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to the Asset Management Tax to be applied on behalf of the taxpayer by the managing authorised intermediary. Under the Asset Management Option, any depreciation of the managed assets

accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management Option, the Covered Bondholder is not required to report capital gains realised in its annual tax declaration and remains anonymous.

Any capital gains accrued to Covered Bondholders who are Italian resident collective investment funds and SICAVs will be included in the computation of the taxable basis of the Collective Investment Fund Tax

According to Article 41-bis of Law Decree No 269 dated 30 September 2003, Italian resident real estate funds created under Article 37 of Italian Legislative Decree No. 58 of 24 February 1998 and Article 14-bis of Law 86 dated 25 January 1994 (the "**Real Estate Funds**") as amended by Decree No. 112 are not subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund, exception made for some specific cases in relation to which a net worth tax rate of 1 per cent. would be applicable. In any case, any income realised by certain subscribers (other than capital gains) is subject to a 20 per cent. withholding tax.

Any capital gains accrued to Covered Bondholders who are Italian resident pension funds will be included in the computation of the taxable basis of Pension Fund Tax.

Non-Italian resident Covered Bondholders

The 12.5 per cent. final *imposta sostitutiva* on capital gains may in certain circumstances be payable on capital gains realised upon sale for consideration or redemption of the Covered Bonds by non-Italian resident individuals or entities without a permanent establishment in Italy to which the Covered Bonds are effectively connected, if the Covered Bonds are held in Italy.

However, any capital gains realised by non-Italian residents without a permanent establishment in Italy to which the Covered Bonds are effectively connected through the sale for consideration or redemption of the Covered Bonds are exempt from taxation in Italy to the extent that the Covered Bonds are listed on a regulated market in Italy or abroad and in certain cases subject to timely filing of required documentation (in particular, a self-declaration not to be resident in Italy for tax purposes), even if the Covered Bonds are held in Italy and regardless of the provisions set forth by any applicable double tax treaty.

Where the Covered Bonds are not listed on a regulated market in Italy or abroad:

(a) pursuant to the provisions of article 5 of Decree 461, non-Italian resident beneficial owners of the Covered Bonds with no permanent establishment in Italy to which the Covered Bonds are effectively connected are exempt from *imposta sostitutiva* in Italy on any capital gains realised, upon sale for consideration or redemption of the Covered Bonds, if they are resident, for tax purposes, (i) in a White-list State listed in Italian Ministerial Decree dated 4 September 1996, as amended from time to time, or (ii), as from the tax year in which the decree pursuant to article 168-bis of Decree No 917 is effective, in a State or territory that is included (or deemed to be included, pursuant to Article 1, paragraph 90 of Law of 24 December 2007, No. 244) in the list of States allowing for an adequate exchange of information with the Italian tax authorities listed in the decree referred to in Article 168-bis, paragraph 1 of Decree No. 917.

In such circumstances, if non-Italian residents without a permanent establishment in Italy to which the Covered Bonds are effectively connected hold Covered Bonds with an Italian authorised financial intermediary and elect for the Asset Management Option or are subject to the Risparmio Amministrato regime, in order to benefit from exemption from Italian taxation on capital gains such non-Italian residents may be required to timely file with the authorised financial intermediary an appropriate self-declaration stating they are resident for tax purposes in one of the States referred to above.

Exemption from Italian *imposta sostitutiva* on capital gains realised upon disposal of Covered Bonds not listed on a regulated market also applies to non-Italian residents who are (a) international bodies and organisations established in accordance with international agreements ratified in Italy; (b) certain foreign institutional investors, even though not subject to income tax or to other similar taxes, established in countries which allow an adequate exchange of information with Italy and (c) Central Banks or other entities, managing also official State reserves;

(b) in any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Covered Bonds are effectively connected that may benefit from a double taxation treaty with Italy, providing that capital gains realised upon sale or redemption of Covered Bonds are to be taxed only in the country of tax residence of the recipient, will not be subject to imposta sostitutiva in Italy on any capital gains realised upon sale for consideration or redemption of Covered Bonds.

In such case, if non-Italian residents without a permanent establishment in Italy to which the Covered Bonds are effectively connected hold Covered Bonds with an Italian authorised financial intermediary and elect for the Asset Management Option or are subject to the Risparmio Amministrato regime, in order to benefit from exemption from Italian taxation on capital gains such non-Italian residents may be required to file in time with the authorised financial intermediary appropriate documents which include *inter alia* a certificate of residence from the competent tax authorities of the country of residence of the non-Italian residents.

The Risparmio Amministrato regime is the ordinary regime automatically applicable to non-resident persons and entities in relation to Covered Bonds deposited for safekeeping or administration at Italian banks, SIMs and other eligible entities, but non-resident Covered Bondholders retain the right to waive this regime. Such waiver may also be exercised by non-resident intermediaries in respect of safekeeping, administration and deposit accounts held in their names in which third parties' financial assets are held.

Inheritance and Gift Tax

Inheritance and gift tax would be payable on the transfer of the Covered Bonds by reason of death or donation, at the following rates:

- (i) 4 per cent. if the transfer is made to spouses and direct descendants or ancestors in this case, the transfer is subject to tax on the value exceeding €1,000,000 (per beneficiary);
- (ii) 6 per cent. if the transfer is made to brothers and sisters in this case, the transfer is subject to the tax on the value exceeding €100,000 (per beneficiary);
- (iii) 6 per cent. if the transfer is made to relatives up to the fourth degree, to persons related by direct affinity as well as to persons related by collateral affinity up to the third degree; and
- (iv) 8 per cent. in all other cases.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value exceeding €1,500,000.

Transfer Tax

According to Law Decree No. 248 of 31 December 2007, converted with amendments by Law No. 31 of 28 February 2008, transfer tax previously payable generally on the transfer of Covered Bonds, was abolished.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a

person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

Implementation in Italy

Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April 2005 ("Decree No. 84"). Decree No. 84 applies to payments of interest made by paying agents established in Italy to beneficial owners who are individuals resident in a different EU Member State or in a dependent or associated territory under the relevant international agreement (currently Jersey, Guernsey, Isle of Man, Netherlands Antilles, British Virgin Islands, Turks and Caicos, Cayman Islands, Montserrat, Anguilla, Aruba). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid starting from 1 July 2005 (including the case of interest accrued on the Covered Bonds at the time of their disposal) to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian paying agents (i.e. banks, SIMs, fiduciary companies, SGRs resident for tax purposes in Italy, permanent establishments in Italy of non-resident persons and any other economic operator resident for tax purposes in Italy paying interest for professional or commercial reasons) shall report to the Italian tax authorities details of the relevant payments and personal information on the individual beneficial owner, namely: identity and residence of the beneficial owner; name and address of the paying agent; account number of the beneficial owner or, otherwise, information of the debt claim giving rise to the interest payment and amount of interest paid.

Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner. In certain circumstances, the same reporting requirements must be complied with also in respect of interest paid to certain entities established in another Member State, other than legal persons (with the exception of certain Finnish and Swedish entities), whose profits are taxed under general arrangements for business taxation and, in certain circumstance, UCITS recognised in accordance with Directive 85/611/EEC.

Companies, similar entities subject to taxation on business profits, UCITs passported under the Directive No. 85/611/EEC and non passported UCITs that have elected to be treated like passported, are excluded from the application of Decree No. 84.

Either payments of interest on the Covered Bonds or the realisation of the capitalised interest through a sale of the Covered Bonds would constitute "payments of interest" under Article 6 of the Directive and, as far as Italy is concerned, Article 2 of the Decree No. 84. Accordingly, such payment of interest arising out of the Covered Bonds falls within the scope of the Directive being the Covered Bonds issued after 1 March 2001 (see articles 15 of the Directive and article 2(5) of the Decree No. 84).

SUBSCRIPTION AND SALE

Covered Bonds may be sold from time to time by the Issuer to any one or more of the Dealers. The arrangements under which Covered Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in the Programme Agreement. Under the Programme Agreement, the Issuer and the Dealer(s) have agreed that any Covered Bonds of any Series which may from time to time be agreed between the Issuer and any Dealer(s) to be issued by the Issuer and subscribed for by such Dealer(s) shall be issued and subscribed for on the basis of, and in reliance upon, the representations, warranties, undertakings and indemnities made or given or provided to be made or given pursuant to the terms of the Programme Agreement. Any such agreement will, *inter alia*, make provision for the terms and conditions of the relevant Covered Bonds, the price at which such Covered Bonds will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Programme Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Covered Bonds.

United States of America: Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.

The Covered Bonds have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Covered Bonds are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. In addition, until 40 days after the commencement of the offering of Covered Bonds comprising any Tranche, any offer or sale of Covered Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.
