Dear Registered Shareholders,

You are convened to attend an Extraordinary Shareholders' Meeting to resolve upon a proposal to make broad amendments to the Articles of Association which will have a highly innovative impact on the governance of your Bank.

The amendments proposed, intended as a single and organic conception, take into account changes in legislation and regulations, recommendations received, several times and even publicly, from the Bank of Italy and market tendencies. They are designed to bring the governing bodies into line with the most recent orientations and therefore with a model of an "integrated popular bank", still based as always on a per capita vote, but able to guarantee a more balanced representation of all members of the registered shareholder base in the corporate bodies of the Bank.

It was considered useful to take this opportunity to conduct an overall review of the text of the Articles of Association in order to identify all those provisions for which an update would be appropriate also in view of experience acquired over the years. Finally the paragraphs of each article have been numbered in order to facilitate consultation of the text of the Articles of Association.

The proposed amendments have been authorised by the Bank of Italy in accordance with article 56 of the Consolidated Banking Act.

The numbering of the paragraphs also involved articles not subject to amendment and consequently the full text of the Articles of Association is given below, with a comparison of the texts where the second column underlines the proposed amendments and the third column gives the relative reasons.

In order to facilitate an examination and comprehension of the proposed amendments to the Articles of Association a summary is given below of the matters subject to amendment:

- maintenance of a balance between the roots and histories of the two companies which merged to form UBI Banca, with the elimination of the reference to an equal partnership (Art.1);
- amendments of a formal nature to clarify the wording of the Articles of Association (articles 4, 9, 13, 24, 28, 32, 36, 37, 38, 41, 42, 43, 44, 45, 49);
- elimination of the nominal value of the shares (Art. 5);
- amendments related to the Bank's status as a listed company (articles 5, 12, 15);
- a clearer formulation of the provisions regarding acceptance as a registered shareholder, ousting and the role played by the Board of Arbitrators (articles 10, 11, 13);
- introduction of a threshold of 3% of the share capital for the stakes which may be held by banking foundations in observance of the right introduced by Art. 30, paragraph 2 *bis* of the Consolidated Finance Act (Art. 18);
- abolition of attendance "tokens" as a compulsory component of the remuneration of members of the Supervisory Board and completion of the range of matters which fall within the remit of an Ordinary Shareholders' Meeting (Art. 22);
- in compliance with article 126-*bis*, paragraph 1 of Legislative Decree No. 58/98 (Consolidated Finance Act), a clause has been inserted to make it possible for a number of Registered Shareholders accounting for not less than 1/40 of the Registered Shareholders with the right to take part in Shareholders' Meetings, to submit proposals for resolutions on the items on the agenda (Art. 22);
- introduction of videoconferences as a method for holding shareholders' meetings in order to allow the remote participation of Registered Shareholders (Art. 24);
- raising the maximum number of proxies that may be granted to a Registered Shareholder to five (Art. 26);
- elimination of the appointment of a fixed number of scrutineers in order to give greater flexibility and also in view of the numbers of Registered Shareholders who participate in Shareholders' Meetings (Art. 29);
- amendments regarding the composition of the Management Board and the introduction of more stringent requirements for the relative members (Art. 30, 31) *(the amendments concerning requirements for members of the Management Board will take effect the first time a new board is appointed, following the approval of the amendments to the Articles of Association and, in this respect, the transition measures I and II are proposed)*;
- amendments regarding the procedures for the functioning and responsibilities of the Management Board (articles 34, 36, 37);
- amendments regarding the composition of the Supervisory Board and the introduction of more stringent requirements for the relative members (Art. 44) *(the amendments concerning the number and requirements for members of the Supervisory Board shall take effect the first time a new board is appointed, following the approval of the amendments to the Articles of Association and, in this respect, the transition measures III, IV and V are proposed)*;
- amendment of the criteria for submitting lists for the appointment of the Supervisory Board and a new procedure for drawing members from the two lists with the greatest number of votes (Art. 45); *(amendments relating to the provisions of Art. 45, paragraphs 6, 11, 13 and 19, regarding the procedures for submitting lists for the appointment of the Supervisory Board, criteria for appointing that body and the replacement of members of the Supervisory Board taken from the list which received the second greatest number of votes shall take effect from the first time a new board is appointed and, in this respect, the transition measures VI and VII are proposed)*;

- Art. 48, paragraph six (*again in relation to the proposed reduction in the number of members of the Supervisory Board from 23 to 17, a proposal is made to change the qualified quorum from 17 to 2/3 of the members of the Supervisory Board for the approval of amendments to the regulations of the Appointments Committee*);
- Art. 49, paragraphs six and seven (*for the above reasons, a proposal is made to change the qualified quorum from 17 to 2/3 of the members of the Supervisory Board for (i) the appointment of the members of the Appointments Committee and for (ii) the approval of the regulations of the Appointments Committee*),

is subject to the qualified quorum for resolutions provided by Art. 28, paragraph 3 (*with regard to the amendments to Art. 36 – vote in favour of at least one twentieth of all Registered Shareholders with the right to vote*) and paragraph 4 (*with regard to the amendments to articles 45, 48 and 49 – vote in favour of at least one twentieth of all Registered Shareholders with the right to vote who in turn represent at least 20% of the share capital subscribed and paid up on the ninetieth day prior to that of the Shareholders' Meeting*).
